Identification & Information Technology Section
New Jersey State Police

Chief Michael Mastronardy
Dover Township Police Department, Ocean County
President
New Jersey Association of Chiefs of Police

State of New Jersey

OFFICE OF THE ATTORNEY GENERAL
DEPARTMENT OF LAW AND PUBLIC SAFETY
P.O. BOX 080
TRENTON, NJ 08625-0080

Richard J. Codey
Acting Governor

PETER C. HARVEY
Attorney General

The Honorable Richard J. Codey
Acting Governor of the State of New Jersey

Honorable Members of the Senate and
Assembly of the State of New Jersey

Dear Acting Governor and Members of the Legislature:

Pursuant to N.J.S.A. 52:17B-5.5, I am submitting the thirty-eighth annual report of crime in New Jersey. The annual report is based on crime statistics submitted to the New Jersey Uniform Crime Reporting System by every New Jersey law enforcement agency for the year 2004.

Effective law enforcement requires accurate crime statistics in order to identify the extent, type, and location of criminal activity. Criminal Justice administrators and planners have long recognized the Uniform Crime Reporting Program as the vehicle to accomplish this objective.

The success of the Uniform Crime Reporting System during 2004 could not have been realized without the cooperation extended by each of the 552 law enforcement agencies of the state, the New Jersey Chiefs of Police Association, and the County Prosecutors Association.

It is in the interest of more effective law enforcement to the eight million residents of New Jersey that the thirty-eighth annual report is submitted.

Respectfully,

Peter C. Harvey
Attorney General of New Jersey

NEW JERSEY ASSOCIATION OF CHIEFS OF POLICE
ADVISORY REPRESENTATIVE ON UNIFORM CRIME REPORTING

Chief Michael Mastronardy
Dover Township Police Department

Section One

SYNOPSIS: UNIFORM CRIME REPORTING PROGRAM

THE NEW JERSEY UNIFORM CRIME REPORTING SYSTEM

DEFINITION

> The New Jersey Uniform Crime Reporting System is based upon the compilation, classification, and analysis of crime data reported by all New Jersey police agencies in accordance with the regulations prescribed by law.

DEVELOPMENT

The New Jersey Uniform Crime Reporting Law (N.J.S.A. 52:17 B-5.1 et. seq.) was enacted on May 16, 1966, and became effective January 1, 1967. Responsibility for the establishment, direction, control, and supervision of the Uniform Crime Reporting System was assigned to the State's Attorney General. The Attorney General authorized the New Jersey State Police to collect and collate the crime data received from law enforcement agencies within the state.

At the request of the Attorney General, the New Jersey State Police researched crime systems in operation throughout the nation in order to establish a firm foundation from which to grow. The most logical approach was the paralleling of the federal crime reporting system. There was a distinct need for a compatibility feature that would enhance both the state and federal systems through the data entry at both levels.

This compatibility has, as its nucleus, the standard classification of offenses established by the Federal Bureau of Investigation. Regardless of the label placed on a particular offense in the various states' systems, i.e., felony, misdemeanor, disorderly persons, if the incident meets the federal standard it will be reported as an offense.

The terms "crime" and "offense" are used interchangeably in this publication, and refer to an act committed in violation of a law which is reportable under the guidelines of the Uniform Crime Reporting Program.

The New Jersey State Chiefs of Police Association has served the program in an advisory capacity since 1966. The contributions of this association have proved valuable to the success of the program. This association works in close harmony with the State Police as a means of improving the quality of reporting through recommended program standards, policies and procedures.

COLLECTION OF CRIME DATA

As required by statute, all law enforcement agencies in the state submit monthly and annual summary crime reports to the program. During the year 2004, offense and arrest data were received from 478 full-time municipal police departments, two (2) part-time municipal police departments, and the New Jersey State Police (acting as the reporting agent for the 75 municipalities without local police services). In addition to the 478 full-time municipal police departments there are 11 police departments contracted by other municipalities.

In addition to the above agencies, arrest data was received from the state's 21 prosecutors, sheriffs' departments, two (2) county police departments, and three (3) county park police departments. In order to incorporate all New Jersey law enforcement agencies under the system, the ten (10) other state agencies with law enforcement responsibilities, excluding state police, as well as 14 college campus police departments were incorporated within the program. Collectively, a total of 552 law enforcement agencies submit the reports to the New Jersey State Police.

METHOD

A State of New Jersey Uniform Crime Reporting Guide has been distributed to all contributors. It outlines reporting procedures in detail, and is complete to the extent of providing examples and illustrations. Field representatives provide additional instruction and clarification when required.

All reported offenses are related to the municipality in which they occur rather than to the agency which may conduct the investigation. The clearance is credited to the municipality in which the offense occurred. Each contributing agency is responsible for compiling its own reports. Law enforcement agencies report the number of known offenses according to the following categories: Homicide (Murder and Manslaughter), Rape, Robbery, Aggravated Assault, Burglary, Larceny-Theft, Motor Vehicle Theft, and Arson. The "Crime in New Jersey," and the Federal Bureau of Investigation's "Crime in the United States" publications exclude manslaughters, simple assaults, and arsons from the "Index" offenses. These are further referred to as "violent" and "nonviolent" crimes as

graphically illustrated in Section VII under "Municipal and County Offenses and Demographic Data," and Section II, "State Summary and Offense Analysis."

All reported offenses are compiled from a record of all criminal complaints received by police from victims or other sources, or discovered by the police during routine operations. Complaints determined to be unfounded are eliminated from this count. Analytical data pertaining to specific crime categories are also reported, i.e. total adult and juvenile arrests made during the month. Police killed or assaulted and arson data are also collected monthly. Police personnel information is submitted on an annual basis.

FLOW CHART OF UCR REPORTS
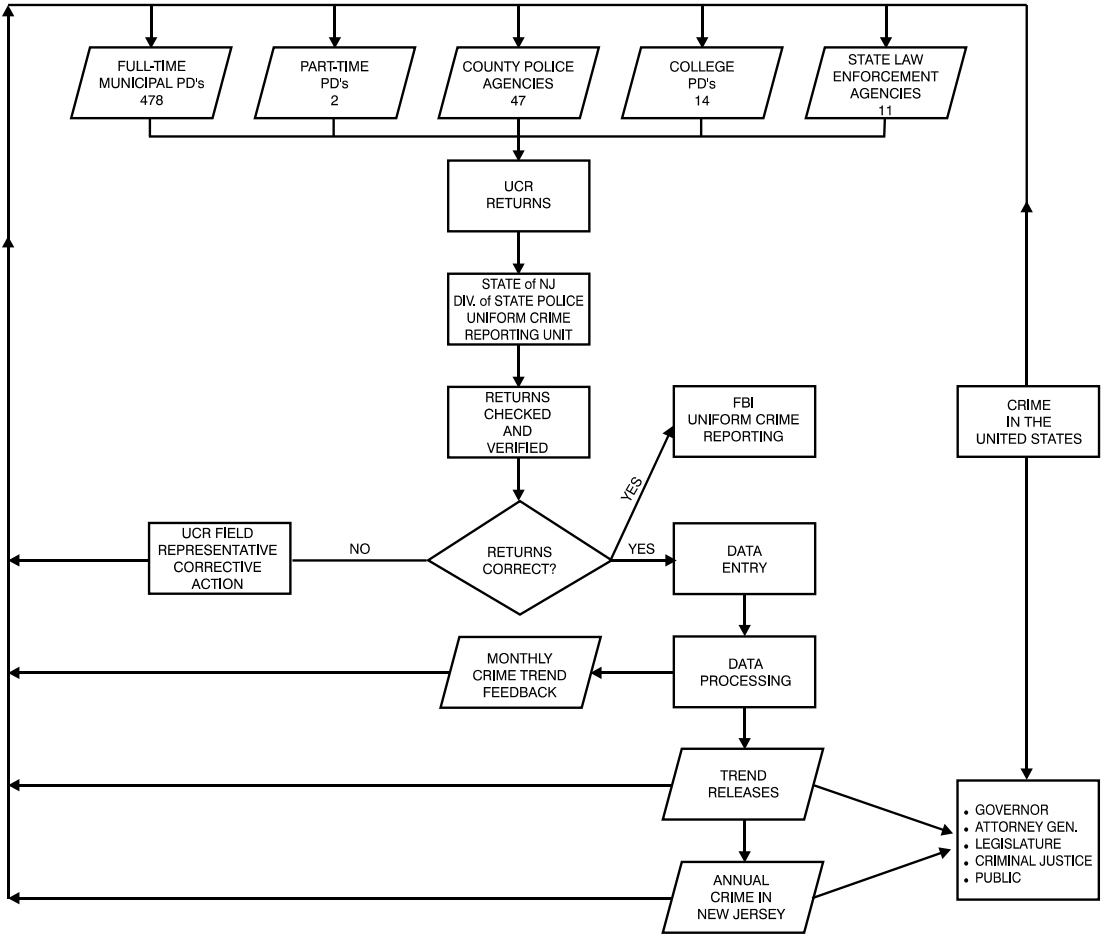

VERIFICATION PROCESSES

The uniformity and accuracy of data gathered from contributors must be safeguarded through various ways. Although guidelines and instructions are provided to each contributor, they are not the panaceas for the accuracy being sought.

The reports received by the Uniform Crime Reporting Unit are recorded and examined for mathematical accuracy and reasonableness of the interpretation of the offense classifications. Improper classifications, changes in reporting procedures, or actual change are identified in this manner. Errors of a minor nature are corrected by direct telephone contact with the contributors, while all other errors are resolved through a personal visit by a field representative to the reporting agency.

Further verification is accomplished through the analysis of statistical data accrued from the reports submitted. Fluctuations in crime rates noted from previous submissions are verified by the field representatives through their municipal counterpart.

FUNCTION

Police executives make use of this data in administrative, planning, and operational determinations for their respective jurisdictions. The State Police Uniform Crime Reporting Unit provides assistance to municipal police agencies through the individual analysis of statistics as they relate to specific crime problems within their jurisdiction. Police executives also use this data for identifying personnel and equipment needs. The Uniform Crime Reporting Program requirements not only have increased police efficiency in reporting and record keeping areas, but have helped police in their day to day operations.

Although the data collected on the offenses of manslaughter and simple assault are not presented in the annual report, they are required for the federal system. Data for these offenses is processed and provided for research purposes.

PROFILE OF NEW JERSEY

New Jersey is situated between the major industrial markets of New York and Philadelphia. The geographic location of the state has been a major factor in its growth and development. The many miles of interstate roadways within the state connect New Jersey directly with the neighboring states of New York, Pennsylvania, and Delaware. Additionally, New Jersey roadways accommodate large volumes of traffic as a corridor for commerce and travelers from throughout the United States.

The state is geographically composed of 21 counties which contain 566 incorporated municipalities. Nationally, New Jersey, although 46th in size, ranks tenth in population and first as the most densely populated state in the country. In addition to this density of 1,152.4 persons per square mile, New Jersey still has many miles of rural areas and sparsely settled communities. The areas of density are concentrated around the major urban centers and those venues most accessible for commuting.

Area in Square Miles	2003 Estimated Population	2000 Census Population	2003/2000 Percent Change	2003 Density per Square Mile	2000 Density per Square Mile
7,495.73	8,638,396	8,414,350	2.7	1,152.4	1,122.6

STATE, COUNTY AND MUNICIPAL PROFILES

The presentation of state, county and municipal profiles in this section is offered for the purpose of projecting, for the consideration of the reader, a group of recognizable factors which may affect the amount and type of crime that occurs from community to community. Selection of the areas of information to be related to individual municipalities was based on the immediacy and completeness of data available.

Population statistics presented here, and throughout this publication, were obtained from the Department of Labor, Division of Labor Market and Demographic Research.

Character of municipalities by urban, suburban and rural classifications, and square miles, were initially compiled by the Department of Community Affairs, Division of State and Regional Planning, Bureau of Statewide Planning, and will continue to be used for comparative purposes. Following is a list of categories used and a description of each category.

- URBAN CENTER   Densely populated with extensive development.
- URBAN SUBURBAN   Near an urban center but not as extremely developed and more residential areas.
- SUBURBAN   Predominantly single family residential, within a short distance of an urban area.
- RURAL   Scattered small communities and isolated single family dwellings.
- RURAL CENTER   High density core area with surrounding rural municipalities.

Certain other socioeconomic factors present in varying degrees in all communities may have an influence on resulting crime rates. Obvious difficulties in the identification, documentation and measurement of these factors, however, precluded their application in this report.

Those factors presented were listed to affirm their existence within the county and community and to provide a base for consideration in the evaluation of that community's crime experience.

RESORT MUNICIPALITY CRIME RATES

On July 10, 1998, section 4 of P.L. 1966, c37(C.52:17B-5.4) was amended to require the Uniform Crime Report to include, in addition to the regular statistics, an alternative calculation that takes into account the seasonal population of resort municipalities.

The Department of Labor has been mandated to determine which municipalities qualify as resort municipalities and certify their annual mean population (which includes seasonal population estimates.)

CRIME FACTORS

In order to provide a meaningful statistical profile of crime within the State of New Jersey, each law enforcement agency must provide the Uniform Crime Reporting Unit with data that depicts specific crimes that are occurring within their jurisdiction. There is a need for compatibility with the National Uniform Crime Reporting System and, therefore, categories of offense classifications used within the state are identical with those of the National System. This results in equitable conclusions being drawn from the data submitted.

Reported Part 1 offenses and arrests are recorded in the municipality where they occurred, regardless of the outside investigative agency which may investigate, arrest, or otherwise dispose of the case.

The factors which influence crime rates are dependent upon characteristics of the community. When attempting to interpret the crime statistics presented herein, one should be aware of the social structure and factors that lead to or cause criminal behavior.

Crime rates in this publication are based on the stable population of the municipality. Municipalities that experience high population increases due to special events or commuters or with high seasonal populations, may indicate a higher crime rate per one thousand than may be normal for a municipality their size. A separate section provides statistics for resort municipalities using crime rates which include seasonal populations.

Set forth below are some factors which, by type and volume, will affect the crime rate that occurs from place to place:

- Density and size of the community population and the metropolitan areas of which it is a part.

- Composition of the population with reference particularly to age, sex and race.

- Economic status, including job availability, and mores of the population.

- Relative stability of population, including commuter, seasonal, and other transient types.

- Climate, including seasonal weather conditions.

- Cultural conditions, such as educational, recreational, and religious characteristics.

- Effective strength of law enforcement agencies.

- Administrative and investigative emphases of law enforcement.

- Policies of other components of the criminal justice system (i.e., prosecutorial, judicial, correctional, and probational).

- Crime reporting practices of the general citizenry.

- Attitudes of the public toward crime reporting.

- The administrative and investigative efficiency of the local law enforcement agency, including the degree of adherence to crime reporting standards.

- Cooperation of adjoining and overlapping police agencies.

THE POLICE POINT OF VIEW

The New Jersey State Police Uniform Crime Reporting Unit surveyed various police agencies of the state, attempting to ascertain their opinion concerning factors contributing to the increase or decrease of specific crimes in their municipality. One of the goals of the Uniform Crime Reporting Unit is to assist police in reducing crime by first identifying its extent, type and location. The following viewpoints are offered with the expectation of reaching this goal.

ROBBERY

Decreases:

- More stringent sentencing requirements under the State Criminal Code.
- Advanced technology in communications has led to increased exchanges of information between police departments.
- Highly visible foot patrols being deployed in commercial areas and densely populated residential areas.
- Use of Anti-crime Unit in high robbery areas.

Increases:

- Resort areas have shown an increasing seasonal population.
- Our highly mobile society provides easy access to areas which were previously difficult to reach.

BURGLARY

Decreases:

- Better deployment of police personnel, such as highly visible foot patrols in high density crime areas, and increased patrols during probable time and at probable locations of burglaries.
- More stringent sentencing requirements under the State's Criminal Code have been a deterrent.
- Crime Prevention Programs are being stressed in many communities and citizens have been taking a more active part by reporting suspicious persons or circumstances.

Increases:

- Extreme increases in population in certain areas have led to new housing in suburban and rural areas.
- Husband and wife are both working; leaving homes frequently unoccupied for long periods of time.

LARCENY

Decreases:

- Public awareness programs contribute to the decrease in thefts from parked vehicles.
- Improved or additional lighting deters criminal acts from occurring in parking areas.
- "Safe Streets" Programs and Anti-crime Units have been established in many communities.

Increases:

- Shoplifting is a theft that police have little or no control over. Store security forces are under the control of the store administration, and their policies vary from strict enforcement, arrest and prosecution, to only a warning. Policy change has been directed toward prosecuting the offenders rather than warning them, causing to some extent an increase in the number of shoplifting offenses reported to the police.
- Certain types of property such as CD players, radar detectors and radios are popular and present resale opportunities.
- Youth gang activity on the increase resulting in thefts from motor vehicles.

MOTOR VEHICLE THEFT

Decreases:

- Stronger sentencing of career criminals has been effective.
- Modern ignition systems and anti-theft devices act as a deterrent.
- Better lighting in parking lots has helped decrease motor vehicle thefts.

Increases:

- The tremendous replacement cost of auto parts has contributed significantly to the increase in motor vehicle thefts for the purpose of auto parts resale.

—— State Summary & Offense Analysis ——

STATEWIDE CRIME SUMMARY – 2004

CRIME INDEX – VOLUME/RATE

- There were 242,444 Index offenses in 2004, a 4 percent decrease compared to 2003.

- The crime rate of the state is 28.1 victims for every 1,000 permanent inhabitants, a decrease of 4 percent compared to 2003.

ADDITIONAL ANALYSIS

- August with 23,352 offenses reported, recorded the highest incidence of Crime Index offenses while February was the lowest with 17,172 offenses.

- The total value of property stolen amounted to $451.5 million in 2004, a decrease of 6 percent from 2003.

- Value of property recovered was $158.5 million, resulting in a recovery rate of 35 percent.

- Stolen motor vehicles accounted for 56 percent of stolen property and 56 percent of the recovered property value.

CRIME INDEX ARRESTS/CLEARANCES

- A total of 48,799 persons were arrested for Index offenses, which represents a 1 percent decrease compared to 2003.

- Adult Index arrests decreased 1 percent and juvenile Index arrests decreased 3 percent.

- Crime Index arrests accounted for 12 percent of the total arrests in 2004.

- Males accounted for 74 percent of the Crime Index arrests and females accounted for 26 percent.

- Fifty-nine percent of the Index arrests were white, 39 percent were black and 2 percent were other races.

- Hispanics accounted for 19 percent of the arrests for Index offenses.

- Police cleared 20 percent of the Index offenses and juveniles accounted for 18 percent of those clearances.

VIOLENT CRIME SUMMARY

This category consists of the following Index offenses: Murder, Rape, Robbery, Aggravated Assault.

VOLUME/RATE/TREND

- There were 30,917 violent crimes reported in 2004, a 2 percent decrease compared to the violent crimes reported in 2003.

- Violent crimes accounted for 13 percent of the total Crime Index.

- The violent crime rate decreased 3 percent to 3.6 victims for every 1,000 permanent inhabitants.

ADDITIONAL ANALYSIS
- The highest number of violent crimes were reported in August with 2,942 offenses while the lowest number was reported in February with 2,095 offenses.

- The value of property stolen as a result of violent crime was $14.5 million.

ARRESTS/CLEARANCES
- Arrests for violent crime offenses decreased 1 percent to 15,220.

- Violent crime arrests accounted for 31 percent of the Index arrests and 4 percent of the total arrests during the year.

- Adult arrests for violent crime increased less than one-tenth of one percent while juvenile arrests decreased 5 percent.

- Adults accounted for 77 percent of the violent crime arrests while the remaining 23 percent were juveniles.

- Males were responsible for 83 percent and females for 17 percent of the violent crime arrests.

- Forty-nine percent of those arrested were black, 50 percent were white and 1 percent were other races.

- Hispanics accounted for 20 percent of the arrests for violent crimes.

- Forty-five percent of all violent crimes were cleared and juveniles accounted for 19 percent of those clearances.

NONVIOLENT CRIME SUMMARY

This category consists of the following Index offenses: Burglary, Larceny-Theft, Motor Vehicle Theft.

VOLUME/RATE/TREND
- There were 211,527 nonviolent crimes reported in 2004, a 4 percent decrease compared to the 220,633 reported in 2003.

- Nonviolent crime accounted for 87 percent of the total Crime Index.

- The nonviolent crime rate decreased 6 percent to 24.5 victims per 1,000 inhabitants in 2004.

ADDITIONAL ANALYSIS
- The largest number of nonviolent crimes were reported in August with 20,410, while the lowest number was reported in February with 15,077.

- The total value of property stolen as a result of nonviolent crime amounted to $437 million.

ARRESTS/CLEARANCES
- There were 33,579 nonviolent crime arrests, this represents a decrease of 2 percent when compared to 2003.

- Nonviolent crime arrests accounted for 69 percent of the Index arrests and 8 percent of the total arrests during 2004.

- Juveniles were responsible for 25 percent of the nonviolent crime arrests and adults 75 percent.

- Adult nonviolent crime arrests decreased 1 percent, while juvenile arrests decreased 2 percent.

- Males represented 69 percent and females 31 percent of persons arrested for nonviolent crime.

- Sixty-three percent of all persons arrested for nonviolent crimes were white, 35 percent were black and 2 percent were other races.

- Hispanics accounted for 18 percent of the arrests for nonviolent crimes.

- Sixteen percent of all nonviolent crimes reported were cleared in 2004, and juveniles accounted for 18 percent of those clearances.

TOTAL ARREST SUMMARY

- There were 401,175 persons arrested in 2004, which represents a 1 percent increase compared to 2003.

- The arrest rate for 2004 increased 1 percent to 46.4 persons arrested per every 1,000 inhabitants.

- Adult arrests increased 2 percent to 339,268 and juvenile arrests decreased 1 percent to 61,907 in 2004.

- Adults accounted for 85 percent and juveniles 15 percent of the total state arrests.

- Persons under 21 years of age accounted for 32 percent of all arrests.

- Males accounted for 79 percent and females 21 percent of the total persons arrested during the year.

- Fifty-eight percent of the total persons arrested in 2004 were white, 40 percent were black and 1 percent were other races.

- Hispanics accounted for 16 percent of the arrests.

POLICE OFFICERS KILLED AND ASSAULTED SUMMARY

- In 2004, no police officer was feloniously killed in the line of duty.

- In 2004, New Jersey reported 3,383 police officers assaulted in the line of duty.

CRIME IN NEW JERSEY, UNITED STATES AND THE NORTHEAST REGION

- Violent crime in New Jersey decreased 2 percent, while the Northeast Region decreased 3 percent overall. Violent crime in the United States decreased by 2 percent overall.

- Nonviolent crime in New Jersey decreased 4 percent, while the Northeast Region decreased 3 percent overall. Nonviolent crime in the United States decreased 2 percent when compared to the 2003 figure.

MURDER

Definition

> Murder is defined as the unlawful killing of a human being with malice aforethought. Any death due to a fight, argument, quarrel, assault, or commission of a crime is included. This Index offense is counted by police on the basis of their investigation without regard to findings of a court, jury or the decision of a prosecutor. Attempts to kill, are scored as aggravated assaults and not as murder. Suicides, accidental deaths, negligent manslaughters, and justifiable homicides are not counted, nor reflected in the murder classification.

VOLUME/RATE/TREND

- There were 392 murders reported to law enforcement agencies of the state in 2004, a 3 percent decrease compared to the murders reported in 2003.

- Murders accounted for two-tenths of one percent of the reported Index offenses, and 1 percent of the violent crime.

ADDITIONAL ANALYSIS

- The age group of 20-24 accounted for 20 percent of all murder victims.

- Firearms were used in 58 percent of the murders, knives or cutting instruments in 18 percent, blunt objects in 6 percent, and physical force in 9 percent.

- Twenty-eight percent of the offenders were friends or acquaintances of the victim, while 9 percent were relatives, and 26 percent were strangers.

- Felony murders accounted for 12 percent of all murder circumstances. Robbery was the motive in 88 percent of the 48 felony murders.

- Seventy-two murders were recorded on Saturday for the high, while Wednesday was the lowest, with 42.

- July recorded the highest number of murders 43, while June recorded the lowest 25.

- Forty-four percent of the murders occurred on highways or streets, 16 percent in multi-family or apartment dwellings, and 16 percent in single family dwellings.

- The total value of property stolen because of murder amounted to $22,130.

- Drug-related and/or alcohol related arguments accounted for 8 percent (32) of all murder circumstances.

- In 2004, 16 murders, occurring in 1988, 1993, and 2003, became known to law enforcement officials as a result of a health care provider intentionally injecting patients with lethal doses of drugs. Counties effected include Essex (1), Somerset (12), and Warren (3).

ARRESTS/CLEARANCES

- A total of 272 persons were arrested for murder in 2004, a 16 percent decrease compared to 2003.

- Adult murder arrests decreased 18 percent (from 299 to 246) and juvenile arrests remained the same with 26 arrests.

- Sixty-three percent of persons arrested for murder were black, 36 percent were white, and 1 percent were other races.

- Hispanics accounted for 22 percent of the arrests.

- Sixty-two percent of the murders were cleared in 2004 (244 out of 392). Juveniles accounted for 7 percent of those cases cleared.

- Males accounted for 94 percent and females 6 percent of those arrested for murder.

RAPE

Definition

Rape is defined as the carnal knowledge of a female forcibly and against her will. All assaults and attempts to rape are counted, but carnal abuse, rape without force (statutory rape) and other sex offenses are not included.

VOLUME/RATE/TREND
- There were 1,328 reported rapes in 2004, an increase of 4 percent compared to the 1,283 in 2003.

- Rape accounted for one-half of one percent of the total Crime Index and 4 percent of all violent crimes.

ADDITIONAL ANALYSIS
- Ninety-one percent of the rapes were forcible, the remaining 9 percent were attempts to rape.

- The total value of property stolen as a result of Rape amounted to $40,450.

ARRESTS/CLEARANCES
- A total of 500 persons were arrested during 2004, an 11 percent decrease compared to 2003.

- Adult rape arrests decreased 14 percent, while juvenile arrests increased 6 percent.

- Fifty-five percent of the arrested perpetrators were white, 44 percent were black and 1 percent were other races.

- Hispanics accounted for 25 percent of the arrests.

- Thirty-eight percent of all persons arrested for rape were between 25 and 39.

- Forty-four percent of all rape cases were cleared in 2004. Juveniles accounted for 12 percent of those cases cleared.

ROBBERY

Definition

Robbery is defined as the felonious and forcible taking of the property of another, against his will, by violence or by putting him in fear. The element of personal confrontation is always present in this crime. Under the program, all assaults or attempts to rob are included.

VOLUME/RATE/TREND

- There were 13,071 robbery offenses in 2004, a 2 percent decrease compared to 2003.

- Robbery accounted for 5 percent of the total Crime Index and 42 percent of all violent crime.

- The Robbery rate was 1.5 victims per 1,000 population.

ADDITIONAL ANALYSIS

- Highway robberies accounted for 62 percent of all reported robberies.

- Commercial house robberies increased 17 percent while gas, service station robberies decreased 11 percent.

- Total value of property stolen during robberies amounted to $14,445,877.

ARRESTS/CLEARANCES

- A total of 4,153 persons were arrested for robbery in 2004, a 1 percent decrease compared to 2003.

- Adult robbery arrests increased 2 percent, while juvenile robbery arrests decreased 8 percent.

- Males accounted for 89 percent and females 11 percent of the Robbery arrests during 2004.

- Fifty-nine percent of all persons arrested for robbery were black, 40 percent were white, and 1 percent were other races.

- Hispanics accounted for 20 percent of the Robbery arrests.

- Twenty-seven percent of the robbery cases were cleared and juveniles accounted for 23 percent of those clearances.

CARJACKING

- Carjacking is a form of robbery; therefore, further analysis is provided in this section for 2004.

- There were 269 carjacking offenses reported to the police; 3 were determined to be unfounded, leaving a total of 266 carjackings, involving 291 victims, including passengers.

- Carjackings decreased 33% when comparing 2004 to 2003.

- Forty-seven of the 566 municipalities in New Jersey reported carjackings.

- Firearms were involved in 57% (151) of all carjackings. One percent (1) of the firearms used were assault firearms. Shootings were involved in one percent (2) of all carjackings.

- New Jersey registered vehicles represented 88% (234) of all carjackings. Ford, with 11% (28), was the most frequently carjacked vehicle make, while the most frequently targeted vehicle year was 1998 with10% (27).

- Fifty-four percent (143) of all carjacked vehicles were recovered. The average value of a carjacked motor vehicle was $9,854.

- Carjackings occurred in a residential area 57% (151) of the time. The hours of darkness (6:00 p.m. to 6:00 a.m.) accounted for 72% (192) of all carjackings.

- Sixteen percent (43) of all carjackings were witnessed.

- The most frequent victim age group was 20-24, which accounted for 22% (64) of the victim total (291). Seventy-four percent (214) of all victims were male. Fifty percent (146) of all victims were white.

- The total number of offenders was 479. Insufficient analysis information was supplied on 28% (133) of the offenders. Of all known offenders (346), 20-24 was the most frequent offender age group and accounted for 43% (148). Ninety-two percent (320) of all known offenders were male. Seventy-nine percent (274) of all known offenders were black.

- Juveniles accounted for 15% (5) of the total arrests for carjacking (33), while adults accounted for 85% (28).

- June had the highest number of offenses with (31), accounting for 12% of all carjacking offenses.

- Saturday recorded the highest number of offenses, accounting for 19% (50) of all carjackings.

- Region I, which consists of Essex, Hudson, and Union counties, accounted for 72% (192) of all carjackings.

- No murders were reported in 2004 as the result of carjacking.

- Eight percent (20) of all carjackings (266) were cleared by arrest.

AGGRAVATED ASSAULT

Definition

Aggravated assault, as defined under the New Jersey Uniform Crime Reporting system, is an attempt or offer, with unlawful force or violence, to do serious physical injury to another. Attempts are included since it is not necessary that an injury result when a firearm, knife, or other weapon is used which could result in serious personal injury if the crime was successfully completed.

VOLUME/RATE/TREND

• There were 16,126 reported aggravated assaults in 2004, a decrease of 2 percent when compared to 2003.

• Aggravated assault accounted for 7 percent of the total Crime Index and 52 percent of all violent crimes.

• The rate for Aggravated Assault decreased to 1.9 victims per 1,000 population.

ADDITIONAL ANALYSIS

• The categories of physical force (i.e. hands, fists, and feet) and other dangerous weapons (i.e. clubs, bricks, tire irons, etc.) were used in 64 percent of all reported aggravated assaults.

• Firearms were used in 15 percent of all aggravated assaults committed.

ARRESTS/CLEARANCES

• There were 10,295 persons arrested for Aggravated Assault in 2004, a decrease of less than one-half of one percent compared to 2003.

• Adult arrests increased 1 percent, while juvenile arrests decreased 3 percent.

• Males accounted for 79 percent, and females 21 percent of the Aggravated Assault arrests.

• Fifty-four percent of the persons arrested for Aggravated Assault were white, 44 percent were black and the balance were other races.

• Hispanics accounted for 20 percent of the arrests.

• Fifty-nine percent of all Aggravated Assault cases were cleared; juveniles accounted for 18 percent of those clearances.

BURGLARY

Definition

Under this program, burglary is defined as an unlawful entry or attempted entry of any structure to commit a felony or larceny. Data collection for this offense is further categorized as forcible entry, unlawful entry (where no force is used) and attempted forcible entry.

VOLUME/RATE/TREND

- There were 41,032 reported burglary offenses in 2004, a decrease of 5 percent.

- Burglary accounted for 17 percent of the total Crime Index and 19 percent of all nonviolent crimes.

- The burglary rate per 1,000 population decreased 6 percent to 4.8 in 2004.

ADDITIONAL ANALYSIS

- Sixty-one percent of all burglaries involved forcible entry, 28 percent were unlawful entry where no force was used and attempts to forcibly enter accounted for 11 percent in 2004.

- Residences were targets in 68 percent of the reported burglaries.

- Fifty-six percent of the nonresidential burglaries are known to have occurred between the hours of 6:00 p.m. and 6:00 a.m.

- Stolen property as a result of Burglary statewide, amounted to $65.8 million, for an average loss of $1,604.

- The average loss as a result of residential burglaries was $1,678 and of nonresidential burglaries was $1,449.

ARRESTS/CLEARANCES

- Burglary arrests decreased 5 percent with 6,383 persons arrested.

- Adult arrests decreased 2 percent while juvenile arrests decreased 10 percent.

- Males accounted for 90 percent, and females 10 percent of the Burglary arrests.

- Juveniles accounted for 23 percent of all burglary arrests.

- Sixty-five percent of Burglary arrests were white, 34 percent were black and 1 percent were other races.

- Hispanics accounted for 18 percent of the arrests.

- Fifteen percent of the burglaries statewide were cleared and juveniles accounted for 16 percent of those clearances.

LARCENY-THEFT

Definition

> The definition of larceny-theft, as provided under this program, is the taking of the property of another with intent to deprive him of ownership. All larcenies and thefts resulting from pocketpicking, purse-snatching, shoplifting, larcenies from motor vehicles, thefts of motor vehicle parts and accessories, bicycle thefts, etc., are included here. Embezzlement, unlawful conversions, larceny by bailee, frauds or bad checks are not included.

VOLUME/RATE/TREND

- There were 140,181 larcenies reported in 2004, a decrease of 2 percent compared to the 142,603 in 2003.

- Larceny accounted for 58 percent of the total Crime Index and 66 percent of all nonviolent crimes.

- The rate for Larceny decreased to 16.2 victims per 1,000 population in 2004.

ADDITIONAL ANALYSIS

- Thefts of motor vehicle parts and accessories and thefts from motor vehicles, collectively accounted for 29 percent of all Larceny-Thefts reported.

- Thefts from coin machines increased 15 percent in 2004, when compared to 2003.

- Theft of automobile parts and accessories decreased 11 percent in 2004, when compared to 2003.

ARRESTS/CLEARANCES

- Larceny-Theft arrests decreased less than one-half of one percent in 2004, with 25,996 persons arrested.

- Juvenile arrests increased 1 percent and adult arrests decreased less than one-half of one percent in 2004.

- Males accounted for 63 percent, and females 37 percent of the Larceny arrests.

- Sixty-three percent of all persons arrested for Larceny were white, 34 percent were black and the balance were other races.

- Hispanics accounted for 18 percent of the arrests.

- Nineteen percent of the larcenies were cleared, with juveniles accounting for 19 percent of those clearances.

MOTOR VEHICLE THEFT

Definition

In Uniform Crime Reporting, motor vehicle theft includes all thefts and attempted thefts of a motor vehicle. This includes the theft or attempted theft of a motor vehicle which is defined as a self-propelled vehicle that runs on the surface and not on the rails. This definition excludes taking a motor vehicle for temporary use, such as family situation, or unauthorized use by others having lawful access to the vehicle. The motor vehicle theft category includes the subheadings of autos, trucks and buses, and other vehicles (motorcycles, mopeds, etc.)

VOLUME/RATE/TREND
- There were 30,314 motor vehicle thefts reported in 2004, a decrease of 13 percent compared to the 34,655 in 2003.

- Motor vehicle theft accounted for 13 percent of the total Crime Index and 14 percent of all nonviolent crimes.

- The Motor Vehicle Theft rate of 3.5 victims per 1,000 population represents a decrease of 13 percent when compared to 2003.

DISTRIBUTION BY TYPE

Type	Number	Percent Distribution
Auto	27,246	90
Trucks and Buses	1,354	4
Other Vehicles	1,714	6

ADDITIONAL ANALYSIS
- Motor vehicles represented 56 percent of the total value of property stolen during 2004.

- Total value of stolen motor vehicles amounted to $251.2 million during the year.

- The average value of a stolen motor vehicle was $8,288.

- Recovered vehicle values totaling $141.2 million represent 56 percent of the total value of recovered property.

ARRESTS/CLEARANCES
- A total of 1,200 persons were arrested for Motor Vehicle Theft, this represents a decrease of 15 percent compared to 2003.

- Both juvenile and adult arrests decreased 15 respectively.

- Males accounted for 87 percent, and females 13 percent of the Motor Vehicle Theft arrests.

- Fifty-nine percent of all persons arrested for Motor Vehicle Theft were white, 40 percent were black, and 1 percent were other races.

- Hispanics accounted for 17 percent of the arrests.

- Six percent of Motor Vehicle Thefts were cleared in 2004; juveniles accounted for 17 percent of those clearances.

ARSON

Definition

> Arson is defined by the New Jersey Uniform Crime Reporting program as any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling, house, public building, motor vehicle or aircraft, personal property of another, etc.
>
> Only fires determined through investigation to have been willfully or maliciously set are classified as arsons. Fires of suspicious or unknown origins are excluded.

VOLUME/RATE/TREND

• There were 1,378 reportable arsons in 2004, which represents a decrease of 13 percent compared to 1,584 in 2003.

• The Arson rate was 0.2 victims per 1,000 population.

ADDITIONAL ANALYSIS

• Forty-three percent of the arsons were structures, with single occupancy residences accounting for 16 percent.

• Mobile property, including motor vehicles, accounted for 40 percent of the arsons in the state.

• Other property (timber, crops, etc.) accounted for 17 percent of the reported arsons.

• The total value of property damage due to arson amounted to $16.1 million for an average dollar value loss of $11,699.

• The average residential loss was $23,097, while the average loss to industrial/commercial structures was $54,430.

• The average loss to mobile property was $5,551.

ARRESTS/CLEARANCES

• Arson arrests numbered 393 in 2004, representing a 9 percent decrease, compared to 432 in 2003.

• Adult arrests decreased 21 percent while juvenile arrests decreased 1 percent.

• Males accounted for 85 percent, and females 15 percent of the arson arrests.

• Juveniles accounted for 64 percent of the Arson arrests.

• Seventy-eight percent of the persons arrested for Arson were white, 21 percent were black, and 1 percent were other races.

• Hispanics accounted for 10 percent of the arrests.

• The Arson clearance rate was 21 percent, and juveniles accounted for 49 percent of those clearances.

ARREST SUMMARY FOR NON-INDEX OFFENSES
MANSLAUGHTER

Definition

The unlawful killing of a human being, by another, through gross negligence. Arrests relating to traffic fatalities are included.

- There were 40 arrests reported by law enforcement agencies for manslaughter during the year, an increase of 3 percent when compared to 2003.

- Adults accounted for 92.5 percent and juveniles accounted for 7.5 percent of the arrests.

- Males accounted for 87.5 percent of the arrests and females 12.5 percent.

- Eighty-five percent of the persons arrested were white and 15 percent were black.

- The hispanic ethnic origin accounted for 32.5 percent of the arrests and 67.5 percent were non-hispanic.

SIMPLE ASSAULT

Definition

Simple assault, as defined under the New Jersey Uniform Crime Reporting System, is an assault or an attempted assault where no weapon is used and which does not result in serious or aggravated injury to the victim.

- There were 30,336 simple assault arrests in 2004, representing a decrease of 3 percent when compared to 2003.

- Of the total, 20 percent were juveniles and 80 percent were adults.

- Males accounted for 74 percent and females 26 percent of the persons arrested for simple assault.

- Sixty-three percent of the persons arrested were white, 35 percent were black, and 2 percent were other races.

- Nineteen percent of the persons arrested were hispanic and 81 percent were not of hispanic origin.

ARSON

Definition

Under this program, arson is defined as the willful or malicious burning, or attempting to burn, with or without intent to defraud; a dwelling, house, building, ship or vessel, motor vehicle or aircraft, contents of building, personal property of another, etc..

- There were 393 arrests reported for arson offenses, a 9 percent decrease compared to 2003.

- Juveniles accounted for 64 percent and adults 36 percent of persons arrested for arson.

- Eighty-five percent of the total arson arrests were males while 15 percent were females.

- Seventy-eight percent of the persons arrested were white, 21 percent were black, and 1 percent were other races.

- Hispanics accounted for 10 percent of those arrested and non-hispanics accounted for 90 percent.

FORGERY AND COUNTERFEITING

Definition

> The definition of forgery and counterfeiting is the making, altering, uttering or possessing or attempting to make, alter, utter or possess, with intent to defraud, anything false which is made to appear true.

- There were 2,673 arrests reported during the year for forgery or counterfeiting, a 23 percent increase compared to 2003.

- Adults accounted for 97 percent and juveniles accounted for 3 percent of the arrests.

- Males accounted for 74 percent of the arrests and females 26 percent.

- Sixty-two percent of the persons arrested were white, 35 percent were black, and 3 percent were other races.

- Hispanics accounted for 27 percent of the arrests and 73 percent were non-hispanic.

FRAUD

Definition

> In Uniform Crime Reporting, fraud is the fraudulent conversion and obtaining money or property by false pretenses. This includes bad checks, confidence games, etc., except forgeries and counterfeiting.

- There were 6,261 arrests reported during the year for fraud, which was the same when compared to 2003.

- Adult arrests represented 98 percent and juveniles 2 percent of the persons arrested.

- Males accounted for 67 percent and females 33 percent of the persons arrested for fraud.

- Sixty-three percent of the persons arrested were white, 35 percent were black, and 2 percent were other races.

- Nineteen percent of the persons arrested were hispanic and 81 percent were not of hispanic origin.

EMBEZZLEMENT

Definition

> The definition of embezzlement is the misappropriation or misapplication of money or property entrusted to one's care, custody or control.

- There were 125 persons arrested for embezzlement, a 14 percent decrease compared to 2003.

- Ninety-four percent of those persons arrested were adults and 6 percent were juveniles.

- Males accounted for 62 percent and females 38 percent of the persons arrested for embezzlement.

- Fifty-eight percent of the persons arrested were white, and 42 percent were black.

- Hispanics accounted for 19 percent of those arrested and non-hispanics accounted for 81 percent.

STOLEN PROPERTY
(Buying, Receiving, Possessing)

Definition

Included in this class are all offenses of buying, receiving, and possessing stolen property, as well as all attempts to commit any of these offenses.

- In 2004, there were 6,362 arrests reported for stolen property, a decrease of 6 percent compared to 2003.

- Of the total, 72 percent were adults and 28 percent were juveniles.

- Eighty-five percent were males and 15 percent were females.

- Fifty-six percent of the persons arrested were black, 43 percent were white, and 1 percent were other races.

- Hispanics accounted for 21 percent of the arrests and 79 percent were non-hispanic.

CRIMINAL/MALICIOUS MISCHIEF

Definition

Criminal/Malicious mischief is defined as the willful destruction, injury, disfigurement, or defacement of property without consent of the owner or persons having custody or control.

- There were 7,841 arrests for criminal/malicious mischief, an increase of less than one-half of 1 percent compared to 2003.

- Of the total, 52 percent were adults and 48 percent were juveniles.

- Males accounted for 86 percent and females 14 percent of the arrests.

- Seventy-four percent of the persons arrested were white, 25 percent were black, and 1 percent were other races.

- Fifteen percent of the persons arrested were hispanic and non-hispanics accounted for 85 percent.

WEAPONS: CARRYING, POSSESSING, etc.

Definition

Under this program, this offense includes all the violations of regulations or statutes controlling the carrying, using, possessing, furnishing, and manufacturing of deadly weapons or silencers, and attempts.

- There were 6,248 arrests reported for weapon offenses, an increase of 4 percent when compared to 2003.

- Of the total, 66 percent were adults and 34 percent were juveniles.

- Males accounted for 90 percent and females 10 percent of those arrested.

- Fifty percent of the persons arrested were black, 48 percent were white, and the balance were other races.

- Hispanics accounted for 19 percent of those arrested and 81 percent were non-hispanic.

PROSTITUTION AND COMMERCIALIZED VICE

Definition

Prostitution and commercialized vice are sex offenses of a commercialized nature and attempts. Included in this category are prostitution, keeping a bawdy house, procuring or transporting women for immoral purposes, etc..

- There were 2,466 prostitution and commercialized vice arrests during 2004, representing an increase of 13 percent when compared to 2003.

- Adults accounted for 99 percent, and juveniles 1 percent of the arrests.

- Thirty-four percent were males and 66 percent were females.

- Fifty-eigth percent of the persons arrested were white, 37 percent were black, and 5 percent were other races.

- Hispanics accounted for 22 percent of those arrested and 78 percent were non-hispanic.

SEX OFFENSES

Definition

Sex offenses, as defined under the New Jersey Uniform Crime Reporting Program, do not include rape, prostitution and commercialized vice. Included in this class are offenses against chastity, common decency, morals, and the like; attempts are also included.

- There were 2,097 sex offense arrests during 2004, representing an increase of less than one-half of one percent when compared to 2003.

- Adults accounted for 81 percent, and juveniles 19 percent of the arrests.

- Ninety-six percent were males and 4 percent were females.

- Seventy percent of the persons arrested were white, 27 percent were black, and 3 percent were other races.

- Twenty-four percent of the persons arrested were hispanic and 76 percent were not of hispanic origin.

DRUG ABUSE VIOLATIONS

Definition

Under the program, drug abuse violations are defined as the unlawful sale/manufacturing/possession/use of the below listed narcotics and drugs:
a.   Opium or Cocaine and their derivatives (morphine, heroin, codeine.)
b.   Marijuana, hashish, etc.
c.   Synthetic narcotics⸺manufactured narcotics which can cause true drug addiction⸺(demerol, methadones.)
d.   Other⸺dangerous non-narcotic drugs (barbiturates, amphetamines, hallucinogens.)

- There were 55,814 arrests reported by the law enforcement agencies of the state for drug abuse violations, an increase of 1 percent when compared to 2003.

- Adults accounted for 88 percent and juveniles 12 percent of the arrests.

- Thirty-three percent of persons arrested for drug abuse violations were under the age of 21.

- Males accounted for 84 percent of all the arrests while females accounted for the remaining 16 percent.

- Fifty-two percent of the persons arrested were white, 47 percent were black, and 1 percent were other races.

- Hispanics accounted for 14 percent of those arrested and 86 percent were non-hispanic.

- Arrests for possession/use of drugs accounted for 73 percent of the arrests, and the remaining 27 percent were for the sale/manufacturing of drugs.

- Arrests for opium or cocaine and their derivatives represented 47 percent of the possession/use category and 73 percent of the sale/manufacturing category. Overall, they accounted for 54 percent of the total drug abuse violation arrests.

GAMBLING

Definition

Gambling violations are defined as the promoting, permitting or engaging in illegal gambling.

• There were 494 gambling arrests reported during 2004, resulting in a decrease of 21 percent compared to 2003.

• Eight-three percent of the arrests were adults and 17 percent were juveniles.

• Males represented 72 percent and females 28 percent of the gambling arrests.

• Fifty-nine percent of the persons arrested were white, 33 percent were black, and 8 percent were other races.

• Hispanics accounted for 27 percent of the arrests and 73 percent were non-hispanic.

OFFENSES AGAINST FAMILY AND CHILDREN

Definition

The definition of offenses against family and children is the nonsupport, neglect, desertion or abuse of family and children.

• There were 15,151 arrests for offenses against family and children during 2004, representing a decrease of 1 percent from 2003.

• One percent of the arrests were juveniles, and 99 percent were adults.

• Males accounted for 90 percent and females 10 percent of the arrests.

• Fifty-one percent of the persons arrested were white, 48 percent were black, and the balance were other races.

• Hispanics accounted for 13 percent of the arrests and 87 percent were not of hispanic origin.

DRIVING UNDER THE INFLUENCE

Definition

Under the New Jersey Crime Reporting Program, the offense of driving under the influence is defined as the driving or operating of any motor vehicle while drunk or under the influence of alcohol or narcotics.

• There were 28,692 arrests reported for driving under the influence in 2004, an increase of 2 percent compared to 2003.

• Ninety-nine percent of the arrests were adults and only 1 percent were juveniles.

• Males accounted for 82 percent of the arrests while females accounted for the remaining 18 percent.

• Eighty-eight percent of the persons arrested were white, 10 percent were black, and 2 percent were other races.

• Sixteen percent of the persons arrested were hispanic and 84 percent were non-hispanic.

LIQUOR LAWS

Definition

Included in this category are state or local liquor law violations, with the exception of "driving under the influence."

- There were 8,389 arrests reported for liquor law violations, a decrease of 12 percent from the previous year.

- Adults were responsible for 68 percent of the arrests while the remaining 32 percent were juveniles.

- Males accounted for 75 percent of the liquor law arrests while females accounted for the remaining 25 percent.

- Ninety-one percent of the persons arrested were white, 7 percent were black, and 2 percent were other races.

- Hispanics accounted for 9 percent of those arrested and 91percent were not of hispanic origin.

DISORDERLY CONDUCT

Definition

In this category are placed all charges of committing a breach of the peace (disorderly person).

- There were 22,281 arrests reported for disorderly conduct, a decrease of 2 percent from the previous year.

- Adults were responsible for 74 percent of the arrests while the remaining 26 percent were juveniles.

- Males accounted for 78 percent of the disorderly conduct arrests while females accounted for the remaining 22 percent.

- Sixty-two percent of the persons arrested were white, 37 percent were black, and 1 percent were other races.

- Hispanics accounted for 16 percent of those arrested and 84 percent were not of hispanic origin.

VAGRANCY

Definition

In this category are persons charged with vagabondage, begging, loitering, etc..

- There were 1,189 arrests in this category, a decrease of 57 percent from the previous year.

- Adults were responsible for 96 percent of the arrests while the remaining 4 percent were juveniles.

- Males accounted for 75 percent and females accounted for the remaining 25 percent of arrests in this category.

- Sixty-five percent of the persons arrested were black, 35 percent were white, while other races accounted for less than one-half of one percent.

- Hispanics accounted for 12 percent of those arrested and 88 percent were not of hispanic origin.

ALL OTHER OFFENSES

Definition

Included in this category are all violations of state and local laws, except those offenses that can be categorized into one of the specific crime classifications previously mentioned.

- There were 144,948 arrests reported for all other offenses, an increase of 5 percent from the previous year.

- Adults were responsible for 94 percent of the arrests while the remaining 6 percent were juveniles.

- Males accounted for 80 percent of the arrests while females accounted for the remaining 20 percent.

- Fifty-three percent of the persons arrested were white, 46 percent were black, and 1 percent were other races.

- Hispanics accounted for 16 percent of those arrested and 84 percent were not of hispanic origin.

CURFEW AND LOITERING LAW VIOLATIONS

Definition

In this category are juvenile arrests made for violations of local curfew or loitering ordinances.

- There were 5,247 arrests reported for curfew and loitering law violations, an increase of 1 percent from the previous year.

- Males accounted for 71 percent and females accounted for the remaining 29 percent.

- Fifty-eight percent of the persons arrested were black, 41 percent were white, and the balance were other races.

- Hispanics accounted for 24 percent of those arrested and 76 percent were not of hispanic origin.

RUNAWAYS

Definition

For Uniform Crime Reporting purposes, this category is limited to juveniles taken into protective custody, under provisions of local statutes, as runaways.

- There were 5,329 runaway arrests reported, an increase of 7 percent from the previous year.

- Females accounted for 59 percent of the arrests while males accounted for the remaining 41 percent.

- Fifty-two percent of the persons arrested were black, 47 percent were white, and 1 percent were other races.

- Hispanics accounted for 25 percent of those arrested and 75 percent were not of hispanic origin.

INDEX OFFENSE ANALYSIS

- **Population Groups**
- **Urban–Suburban–Rural Municipalities**
- **Colleges and Universities**

CRIME INDEX FOR POPULATION GROUPS – 2004

The presentation of crime statistics by population groups was made for the purpose of projecting, for consideration, the relative crime experience of communities of varying populations. Although the individual municipalities within the various groups may be geographically separated, their inclusion into a specific group was predicated by the similarity in population with the other municipalities within the group. Municipalities within the same group may differ widely when all factors are considered, but they do share the common bond of population size. The grouping of communities in this manner allows recognition of variances in the crime volumes, rates and clearances between the established groups.

Set forth below are the established municipal groupings as used in this section:

POPULATION GROUPS	TOTAL CRIME INDEX	Murder	Rape	Robbery	Aggra-vated Assault	Burglary	Larceny-Theft	Motor Vehicle Theft
GROUP I								
4 Municipalities over 100,000	40,530	129	191	3,950	3,575	6,502	15,826	10,357

Section Six

CRIME
IN THE CITIES

CRIME IN THE CITIES

This section deals with serious crimes reported in the large urban cities of the state. These cities represent 19 percent of the population and historically account for one third of the reported Crime Index of the state.

This analysis involves the latest ten-year period 1995-2004 and endeavors further to identify crime trends in these urban areas.

The cities included in this analysis were initially categorized as urban municipalities (i.e., densely populated with extensive development) by the New Jersey Department of Community Affairs, Division of State and Regional Planning, Bureau of Statewide Planning, and will continue to be used for comparative purposes.

The criteria used in the selection of these cities were (1) classified as urban character and (2) have a population of 50,000 or more inhabitants.

For further comparative analysis, the urban cities were subdivided into two distinct groupings.

Group number one consisted of the state's six largest urban centers with populations of 80,000 or over and is categorized as "Major Urban."

The second group included the "Major Urban" and the additional urban communities with populations of 50,000 or more inhabitants, and is referred to as the "Urban 15."

"MAJOR URBAN"

• Camden City	• Jersey City	• Paterson City
• Elizabeth City	• Newark City	• Trenton City

"URBAN 15"

• Bayonne City	• Elizabeth City	• Paterson City
• Camden City	• Irvington Town	• Trenton City
• Clifton City	• Jersey City	• Union City
• Dover Twp.	• Newark City	• Vineland City
• East Orange City	• Passaic City	• Woodbridge Twp.

The accompanying table reflects percent changes in the state's "Major Urban" and "Urban 15" municipalities Crime Index for the years 1995/2004.

* Less than one-half of one percent.

Percent Change

- During the ten-year period 1995/2004, the Crime Index in New Jersey has decreased 35 percent, while the "Urban 15" cities decreased 41 percent and the six "Major Urban" cities decreased 45 percent.
- Violent crime in the state decreased 35 percent, the 15 urban cities decreased 45 percent and the six major cities decreased 51 percent.
- Nonviolent crime in the state decreased 35 percent, the "Urban 15" decreased 40 percent and the six "Major Urban" decreased 43 percent.

CRIME IN THE CITIES
TEN YEAR SUMMARY

COMPARATIVE CRIME INDEX DISTRIBUTION FOR STATE AND URBAN CITIES
1995–2004

	NEW JERSEY	MAJOR URBAN	URBAN 15
CRIME INDEX TOTAL	2,915,533	681,050	992,458
Percent Distribution		23.4	34.0
Violent Crime	358,899	145,419	199,519
Percent Distribution		40.5	55.6
Nonviolent Crime	2,556,634	535,631	792,939
Percent Distribution		21.0	31.0
Murder	3,452	1,744	2,208
Percent Distribution		50.5	64.0
Rape	15,249	4,245	5,962

Robbery	155,757	71,262	96,626
Percent Distribution		45.8	62.0
Aggravated Assault	184,441	68,168	94,723
Percent Distribution		37.0	51.4
Burglary	514,421	125,410	184,709
Percent Distribution		24.4	35.9
Larceny-Theft	1,661,274	262,988	408,534
Percent Distribution		15.8	24.6
Motor Vehicle Theft	380,939	147,233	199,696
Percent Distribution		38.7	52.4

Distribution:

- Six major urban centers—Camden, Newark, Jersey City, Trenton, Paterson and Elizabeth—collectively represent 11 percent of New Jersey's total population. These same urban centers, during the period 1995 through 2004 accounted for 23 percent of the state's total crime.

- "Major Urban" centers from 1995 through 2004 accounted for 41 percent of all violent crime and 21 percent of the nonviolent crimes in the entire state.

- The 15 urban municipalities represent 19 percent of the state's total population.

- "Urban 15" municipalities accounted for 34 percent of New Jersey's total Crime Index. Violent crime was 56 percent of the state total, while nonviolent crime was 31 percent of the state total during this ten-year period.

- Sixty-two percent of all reported robberies occurred in the "Urban 15" cities during this ten-year period.

STREET CRIME

There has never been a clear-cut definition for street crime within the criminal justice system. The nation's clearinghouse for the collection and dissemination of criminal statistics, the Federal Bureau of Investigation, has no criteria in the categorization of specific crimes to be designated or defined as "street crimes." More and more this media term has been confused with the violent crime group of murder, rape, robbery, and aggravated assault.

Although any particular crime can and does occur on the street, this analysis, because of reporting constraints within the Uniform Crime Reporting System, is limited to defining street crimes as those offenses which occur, or are most likely to occur, on streets, highways, parking lots, etc.. These crimes include highway robbery, purse-snatching, theft from autos, theft of auto parts and accessories, theft of bicycles, and motor vehicle thefts. All are crimes against property and only one, highway robbery, falls in the violent crime group.

- During the ten-year period 1995-2004, the "Urban 15" cities accounted for 41 percent of the street crimes in the state.

- Three out of every four highway robberies occurred in the "Urban 15" during the ten-year period.

- More than half of all motor vehicle thefts during the survey span occurred in these 15 urban municipalities.

- Thirty-four percent of all purse-snatchings during the survey span were perpetrated in the "Urban 15" cities.

- In 2004, Highway Robbery and Motor Vehicle Theft were at their lowest levels.

- The accompanying table reflects percent distribution of street crime for the "Urban 15" cities for the years 1995-2004.

Section Seven

NEW JERSEY MUNICIPAL–COUNTY OFFENSE & DEMOGRAPHIC DATA

- •   All crime rates are based on permanent, year-round populations. Comparisons of crime rates between individual municipalities should not be made without giving major consideration to the volume of seasonal population, transients, tourists, and labor forces.

- •   All offenses are recorded in the municipality of occurrence, regardless of the outside investigative agency, i.e., Federal, State, County, College Campus Police.

- +   Crime rates were not computed for municipalities with population less than 100.

MUNICIPALITY		CRIME INDEX TOTAL	VIOLENT CRIME	NON-VIOLENT CRIME	Crime Rate per 1,000	Violent Crime Rate per 1,000	Nonviolent Crime Rate per 1,000	VIOLENT CRIME

Section Eight

RESORT MUNICIPALITIES

As required by P.L. 1998, c. 50, annual mean population estimates for resort municipalities in New Jersey have been used in the preparation of per capita crime statistics.

These estimates were prepared based upon the methodology prescribed in P.L. 1998, c. 50 using the latest available municipality estimates of year-round population from the U.S. Bureau of the Census. Please note that these resort population estimates should only be used for crime statistics purposes. While they fulfill the requirements of the law, the seasonal components of these estimates are not a complete measure of seasonal population because they include only those living in rental housing units or in vacant year-round housing. Not counted are the many day visitors and persons who occupy campgrounds, hotels, motels or bed and breakfast establishments or who stay with friends or relatives.

+ Crime rates were not computed for municipalities with populations under 100.

POLICE EMPLOYEE DATA

The Uniform Crime Reporting Program of New Jersey incorporates the collection of pertinent data relating to the police of the state. Information regarding police employees strength and trends are discussed in this section.

Individual listings of full-time state, county, university and college police departments are shown in tables within this section. Listings of municipal police departments will be found in Section VII.

The determination of police strength for any given area or municipality should be subject for serious consideration. Such consideration, however, should be based on the numerous factors which create the need for police services. For example, the increased need for police service in a municipality which has a highly mobile or seasonal population differs from a municipality which has a relatively stable population. Some other factors, discussed elsewhere in this publication, relate to size, density of population, geographic location, character, and proximity to metropolitan areas. The tables and charts shown in this section should not be interpreted as recommended strength for any given municipality.

TOTAL POLICE EMPLOYEES

Total police employees are defined as the total number of full-time police officers and civilian police employees (clerks, dispatchers, mechanics, etc.) employed by all law enforcement agencies in the state.

- During 2004, there were 52,171 full-time police employees in New Jersey. This represents an increase of 1 percent when compared to the 51,446 full-time police employees in 2003.

- The number of full-time police officers increased less than one-half of one percent, from 38,898 in 2003 to 39,068 in 2004.

- The number of full-time civilian employees increased 4 percent, from 12,548 in 2003 to 13,103 in 2004.

- Seventy-five percent were sworn officers and the remaining 25 percent were civilian employees.

MUNICIPAL POLICE EMPLOYEES

This category consists of the number of police employees, including civilian personnel, employed full-time by municipalities of the state.

- During 2004, there were 25,509 municipal police employees, an increase of less than one-half of one percent compared to the 25,479 in 2003.

- For every 1,000 inhabitants of the state there were three municipal police employees.

- Monmouth County reported the largest increase in municipal police employees, an increase of 2 percent (35 employees).

- Atlantic County recorded the highest police employee rate; 4.6 per 1,000 population; (this rate is computed on the static population and does not take into account the large influx of seasonal and recreational population).

- Hunterdon and Warren Counties recorded the lowest police employee rate of 1.6 per 1,000 population.

MUNICIPAL CIVILIAN POLICE EMPLOYEES

        The personnel of each department differ as to the demands and responsibilities placed before them. Many police officers are fully occupied with clerical tasks and are not free to perform active police duties. Employing civilians in police departments to perform clerical duties is in line with the thinking of many police administrators who recommended the use of civilians in this capacity. Thus, freeing the sworn personnel for actual police-related services.

- There were 4,233 municipal civilian police employees in 2004, an increase of less than one-half of one percent compared to the 4,220 in 2003.

- Seventeen percent of all municipal police employees were civilians.

MUNICIPAL POLICE OFFICERS

        This includes the number of sworn police officers employed full-time by municipalities of the state. The police employee rate per 1,000 population presented here should not be construed as recommended ratios. The determination of police strength for any municipality should be based on the numerous factors that create the need for police services. These factors, as crime, vary in type and degree from place to place. Some examples are: seasonal population, geographic location, density and composition of the population.

- There were 21,276 full-time municipal police officers in 2004; this represents an increase of less than one-half of one percent when compared to the 21,259 full-time municipal police officers in 2003.

- The number of full-time municipal police officers was calculated at 2.5 per 1,000 population; this represents no change when compared to 2003.

- Sworn officers represented 83 percent of all municipal police employees.

- Monmouth County recorded the largest numerical increase (30) which represented a 2 percent increase of municipal police officers.

- The largest numerical decrease occurred in Essex County, a decrease of 71 municipal police officers, or 2 percent.

- Atlantic County, with 3.7 police officers per 1,000 inhabitants, recorded the highest rate of full-time municipal police officers. (This rate is computed on the static population, and does not take into account the large influx of seasonal and recreational population).

- Sussex County recorded the lowest rate of full-time municipal officers with 1.3 police officer per 1,000 population.

OTHER POLICE (State Agencies)

        In addition to the State Police, there are ten other state agencies reporting to the system. These agencies consist of: NJ Forest Fire Service, Division of Parks & Forestry, Department of Corrections, Department of Human Services, Division of Criminal Justice, Division of Fish and Game, Office of Weights and Measures, Palisades Interstate Park, Port Authority NY/NJ, and NJ Transit Police. No rates were computed due to the variations in the types of police services rendered, and their statewide jurisdictions.

- Together, these agencies reported a total of 12,451 full-time employees; an increase of 3 percent compared to the 12,064 police employees in 2003.

- There were 8,481 sworn police officers in 2004, an increase of 2 percent compared to the 8,342 in 2003.

- Sixty-eight percent were sworn personnel, while the remaining 32 percent were civilians.

COUNTY POLICE, SHERIFFS AND PROSECUTORS

The functions of county law enforcement vary widely throughout the state. The operation of one sheriff's department may be limited exclusively to civil areas and the administration of the county jail, or they may be actively involved in criminal matters throughout the county.

County police departments are varied in their activities in that some are responsible for enforcement throughout the county, while others may have as their primary mission the policing of county parklands. The responsibilities of county prosecutors' officers include criminal investigations, trial preparation, court presentation and special probes. Because of the difference in the types of police service rendered, rates for county law enforcement agencies are not presented here.

- County law enforcement agencies reported a total of 9,273 full-time police employees in 2004; an increase of 1 percent compared to 9,156 in 2003.

- There were 6,231 full-time sworn police officers employed by county agencies in 2004. This represents an increase of less than one-half of one percent compared to 6,229 in 2003.

- County police agencies reported 3,042 civilian police employees in 2004; an increase of 4 percent compared to 2,927 civilian employees in 2003.

- Sworn personnel accounted for 67 percent while the remaining 33 percent were civilians.

STATE POLICE

The New Jersey State Police is empowered to provide all phases of law enforcement throughout the state. It also renders, upon request, police services to all the law enforcement agencies in the state. No rates are used due to the variations in the nature and extent of the police services performed by the State Police.

- The New Jersey State Police reported 4,138 full-time police employees; an increase of 3 percent compared to 4,000 in 2003.

- State Police employed 2,684 officers in 2004, this represented an increase of less than one-half of one percent when compared to 2,682 in 2003.

- The State Police reported 1,454 civilian employees in 2004; an increase of 10 percent over the 1,318 reported in 2003.

- Sworn personnel accounted for 65 percent and civilians represented 35 percent of the total State Police employees.

Section Ten

LAW ENFORCEMENT OFFICERS KILLED & ASSAULTED SUMMARY

POLICE OFFICERS KILLED AND ASSAULTED

The killing or assault of a police officer has a harmful effect on society that reaches far beyond the overt act. Such occurrences constitute an immediate threat to the well-being of the community and serious breach of the internal security of the country. Today a young person who considers a career in law enforcement must also consider the very strong possibility of being killed or assaulted by a member of the very same society they are sworn to protect. This deplorable situation should be a subject of serious concern, for in truth, an attack on a police officer is an attack on society. The violence directed against law enforcement officers acting in the line of duty is clearly demonstrated by the following information.

POLICE FELONIOUSLY KILLED

VOLUME/TREND
- In 2004, no police officer was feloniously killed while in the performance of duty.

Year	Police Officers Killed	Year	Police Officers Killed
1995	4	2000	-
1996	-	2001	1
1997	3	2002	-
1998	-	2003	1
1999	2	2004	-

ASSAULTS ON POLICE OFFICERS

Police assault statistics are important to the police administrator who attempts to identify the causative factors of this type of criminal activity. Many factors contribute to police assaults, and circumstances vary from place to place. Identifying specific reasons for these assaults is therefore extremely difficult. The following information illustrates the frequency of these events, and any attempt at analysis of these assaults should include consideration of the unique variables present in each jurisdiction. Due to the broad field of services performed by many state and county police agencies, no assault rates are computed for total police officers.

VOLUME/TREND
- There were 3,383 police officers assaulted in 2004, an increase of 6 percent when compared to the 3,206 in 2003.

ADDITIONAL ANALYSIS
- Twenty-seven percent (901) of the officers assaulted sustained injury.
- Physical Force, such as hands, fists and feet were used in 85 percent (2,882) of all police assaults.
- Twenty-five percent of police assaults occurred when officers responded to disturbance calls.
- Fourteen percent of the assaults on police officers occurred during the 2-hour period of 8:00 p.m. to 10:00 p.m.

CLEARANCES
- The police of New Jersey were successful in clearing 95 percent of the assaults directed at them.

ASSAULTS ON MUNICIPAL POLICE OFFICERS

VOLUME/TREND
- A total of 2,914 municipal police officers were assaulted during 2004, a three percent increase compared to the 2,818 assaulted in 2003.
- The assault rate, for every 100 municipal officers, was 13.7, a 3 percent increase compared to 2003.

ADDITIONAL ANALYSIS
- Twenty-four percent of the municipal officers assaulted sustained injury.
- Physical Force, such as hands, fists and feet were used in 84 percent of all municipal police assaults.
- Twenty-nine percent of the municipal police assaults occurred when officers responded to disturbance calls.
- Attempting Other Arrests accounted for 18 percent of municipal police assaults.

OTHER POLICE OFFICERS ASSAULTED

The following law enforcement agencies are dealt with separately and are not included when computing municipal assault rates; the services performed by these agencies vary greatly from the functions of municipal police agencies.

VOLUME/TREND
- County law enforcement agencies reported 127 officers assaulted with 66 sustaining injury.
- The New Jersey State Police reported 42 officers assaulted with 11 sustaining injury.
- Other state agencies with police powers reported 281 officers assaulted with 114 sustaining injury.
- University and college police agencies reported 19 officers assaulted with 9 sustaining injury.

Section Eleven

DOMESTIC VIOLENCE

INTRODUCTION

The violence within the American domicile has been recognized for decades by elements of government and society with little done to correct the problem. Only recently has this phenomenon begun to receive the attention it deserves. In an effort to understand, identify and treat the incidents of abuse occurring in the home, the State of New Jersey, through its legislature, has provided the means to gain a meaningful insight into this issue.

In 1982, the Domestic Violence Act was instituted to protect battered victims and study the complex problems that spark such aggressive behavior. This legislation also provided the opportunity to identify the causes of violence in the home and put forth a more comprehensive effort to combat the crime of Domestic Violence.

Improvements since the implementation of the Domestic Violence Act are continuing. Pursuant to a change in N.J.S.A. 2C:25-24 enacted, June 9, 1999, arrest data is presented by county. Domestic Violence restraining order violations are now captured and reported. Revised investigation and reporting procedures by the police; improved processing of domestic complaints by the courts; mandatory in-service training for police and court personnel have all enabled the victim to come forward and implement the constitutional rights granted to all Americans.

The following pages of narrative and graphics in this chapter are the result of gathered data displaying the complexities of domestic violence found within the State of New Jersey. It is through analysis of this data that, hopefully, the keys to preventing future violence can be found.

DOMESTIC VIOLENCE STATISTICAL SUMMARY

Highlights of the 2004 domestic violence statistics are listed below:

- There were 76,109 domestic violence offenses reported by the police in 2004, a 2 percent decrease compared to the 77,567 reported in 2003.

- Murders decreased 23 percent in 2004 (44) when compared to 2003 (57).

- Assaults accounted for 44 percent (33,712) and harassment accounted for 41 percent (31,333) of the reported offenses in 2004.

- Arrests were made in 32 percent (24,014) of the offenses reported for 2004, the same percentage when compared to arrests made in 2003.

- The most frequent day of domestic violence occurrences was Sunday (13,515).

- For the twenty-second consecutive year, the most frequent hours of domestic violence incidents were between 8:00 p.m. and midnight, when 27 percent (20,823) of the offenses were reported.

- Children were involved or present during 35 percent of all domestic violence offenses occurring in 2004. Specifically, 5 percent (4,102) were involved and 30 percent (22,844) were present.

- Wives were the victims in 21 percent (16,309) and ex-wives were the victims in 3 percent (2,460) of the reported domestic violence offenses in 2004. Overall, females were victims in 77 percent (58,444) of all domestic violence offenses.

- The number of domestic violence complaints that had prior court orders issued against the offender decreased from 17,103 in 2003 to 16,188 in 2004. This is a decrease of 5 percent.

- Alcohol and/or drugs were involved in 29 percent (22,055) of the reported offenses occurring in 2004. Alcohol involvement alone accounted for 26 percent (19,598) of the total domestic violence offenses reported.

- Persons age 60 or over were victims in 3 percent (2,344) of all reported domestic violence offenses that occurred in 2004. Elderly were the victims in 20 percent (9) of the domestic violence murders (44).

- Domestic violence does not occur at a regular frequency, but when viewed as a ratio of its occurrence to a fixed time interval, one act of domestic violence would occur every 6 minutes and 54 seconds.

- Domestic violence offenses arising from a dating relationship accounted for 14 percent (10,786) of the state total.

- There were 3,527 total arrests involving domestic violence restraining orders reported by police in 2004. Of these, 1,956 were arrests for violations of a restraining order **only**, while 1,571 were arrests for violations of a restraining order **with** an offense arrest.

Section Twelve

BIAS INCIDENT SUMMARY

INTRODUCTION

Crimes motivated by hate and bias tend to erode the basic fabric of society. Bias incidents having a racial, religious, ethnic, sexual or gender component as well as crimes against individuals with a handicap, manifest themselves in a wide spectrum of criminal activities. These bias incidents jeopardize the active and open pursuit of freedom and opportunity. They attack our citizens based on their race, religion, ethnic heritage, sexual orientation, handicap, or gender. Closely linked to such heritage are individual values, beliefs, and identities.

Realizing that no agency within the state was collecting complete data on bias incidents, a broad-based Ad Hoc committee was created to develop a comprehensive statewide reporting system. As a result of the committee's recommendation, Attorney General Executive Directive No. 1987-3 was issued mandating all New Jersey law enforcement agencies to begin reporting bias incident offenses to the Division of State Police, Uniform Crime Reporting Unit, on a monthly basis, effective January 1, 1988. On August 15, 1996, legislation was enacted which enhanced the state's definition of a bias incident to include crimes that are gender or handicap-motivated.

The directive was instituted to capture vital data in an effort to identify the problem. This information permits proper evaluation of progress in preventing bias crime and assist with necessary planning for the future.

This is the seventeenth annual publication concerning bias crimes, which contains comparisons to the previous year's statistics. The published statistics and graphs are the result of data submitted by the police community of New Jersey.

Hopefully, the information contained in this publication will be of value to various segments of society and serve its intended purpose.

BIAS INCIDENT STATISTICAL SUMMARY

Highlights of the 2004 bias incident offense statistics are listed below:

- New Jersey law enforcement agencies reported 810 bias incident investigations, resulting in 868 target-type based bias incident offenses in 2004, a 32% increase compared to 2003.

- Harassment accounted for 37% (322) of all bias incident offenses.

- Criminal mischief and damage to property accounted for 46% (399) of all bias incident offenses.

- Racial bias accounted for 45% (392) of all bias incident crimes in 2004.

- The target category of person accounted for 52% (453) of all bias offenses.

- The Black race represented the most frequent racial group victimized by bias crime, accounting for 35% (308) of all bias offenses.

- The Jewish religion represented the most frequent religious group victimized by bias crime, accounting for 36% (314) of all bias offenses.

- The Hispanic ethnicity represented the most frequent ethnic group victimized by bias crime, accounting for 4% (32) of all bias offenses.

- The most frequent day of occurrence was Monday (145 offenses).

- The most frequent month of occurrence was November (98 offenses).

- The most frequent place of occurrence was a residence, where 24% (208 offenses) of all bias incidents occurred.

- Forty-two percent (367) of all bias incident offenses were cleared with 13% (110) being cleared by arrest, and 30% (257) being exceptionally cleared.

- A total of 123 arrests (60 adults and 63 juveniles) were made resulting from bias incidents. Compared to 2003, arrests decreased six percent.

GLOSSARY OF TERMS

ADULT — For Uniform Crime Reporting purposes, a person aged 18 or over.

AMERICAN INDIAN or ALASKAN NATIVE — A person having origins in any of the original peoples of North America, and who maintains cultural identification through tribal affiliation or community recognition.

ARREST RATE — The number of arrests for Part I and Part II offenses for each unit of population, generally per 1,000.

ASIAN or PACIFIC ISLANDER — A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands. This area includes, for example: China, India, Japan, Korea, the Philippine Islands, and Samoa.

BLACK — A person having origins in any of the black racial groups of Africa, characterized by dark skin pigmentation.

CLEARANCE — For Uniform Crime Reporting purposes, the solution to a particular crime, usually by the arrest of the offender.

CLEARED BY ARREST — For Uniform Crime Reporting purposes, an offense is cleared when the offender has been identified, sufficient evidence has been obtained to formally charge and the offender has been ordered to appear in court.

CRIME INDEX — The total of the seven major offenses used to measure the extent, fluctuation and distribution of crime in a geographical area. The following crimes make up the index: Murder, rape, robbery, aggravated assault, burglary, larceny-theft, and motor vehicle theft; these offenses are referred to as Index offenses.

CRIME RATE — The number of Index offenses reported for each unit of population per 1,000.

CRIMES AGAINST PERSONS — Consists of the following Index offenses: Murder, rape, and aggravated assault.

CRIMES AGAINST PROPERTY — Consists of the following Index offenses: Robbery, burglary, larceny-theft, and motor vehicle theft.

DAY — For Uniform Crime Reporting purposes, the hours from 6:00 a.m. to 6:00 p.m.

ETHNIC ORIGIN — Having or originating from linguistic or cultural ties with a specific group.

EXCEPTIONAL CLEARANCE — For Uniform Crime Reporting purposes, an offense is cleared exceptionally when an offender has been identified or located and sufficient evidence to charge has been obtained, but there is some reason beyond police control that prohibits the offender from being brought before the court.

HIERARCHY RULE — For Uniform Crime Reporting purposes, each crime or attempted crime is counted in only one offense category. If several offenses are committed, simply glance down the list of Part I offenses and stop at the first offense recognized from the facts given; this offense is the correct classification for this criminal activity.

HISPANIC — A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

JUVENILE — For Uniform Crime Reporting purposes, a person under the age of 18.

JUVENILE CLEARANCE — Those crimes where the offenders are identified as juveniles.

NIGHT	For Uniform Crime Reporting purposes, the hours from 6:00 p.m. to 6:00 a.m.
NONVIOLENT CRIME	Consists of the following Index offenses: Burglary, larceny-theft, and motor vehicle theft.
POPULATION	Is the year-round population of the municipality shown in the most recent State population estimates published by the Department of Labor, except that in the year of promulgation of a Federal decennial census, the census figures shall be used.
RESORT MUNICIPALITY	Is a municipality which, because of its recreational, entertainment or amusement characteristics or facilities or its close proximity to such characteristics or facilities, experiences a total increase during the seasonal period in the number of persons temporarily resident therein of 25 percent or more of its population.
SEASONAL POPULATION	Is the average of the estimated number of persons temporarily resident in the municipality during the three consecutive months when the temporary population is greatest.
TEMPORARY RESIDENT	Means the occupying for any period of time during the seasonal period by any person not counted as a resident of the municipality for population purposes of an accommodation in a rented residential unit or vacation home.
UNFOUNDED	Classification of reported crimes that are found to be false or baseless.
VIOLENT CRIME	Consists of the following Index offenses: Murder, rape, robbery, and aggravated assault.
WHITE	A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

CALCULATIONS OF RATES AND TRENDS

1. **Crime Rate per 1,000 inhabitants:** This represents the number of Index offenses per 1,000 inhabitants. For example: What is the crime rate for a municipality with 513 Index offenses (murder, rape, robbery, aggravated assault, burglary, larceny-theft and motor vehicle theft), with a population of 8,280?

    513 (Index offenses) ÷ 8,280 (population) = .061957 x 1,000 = 62.0 (crime per 1,000 inhabitants)

2. **Crime Trend:** A crime trend shows the extent to which crime increased or decreased. This is done by comparing a period of the current year with the same period of a previous year.
    For example: A municipality experienced 264 Index offenses in a previous year and 513 Index offenses in the current year. What is the percent of the increase?

    513 (current year Index offenses) − 264 (previous year Index offenses) = 249 (numerical increase)
    249 (numerical increase) ÷ 264 (previous year) = .943 x 100 = +94% (percent change)

    NOTE: If there were more Index offenses in a previous year than in the current year, we would have a percentage decrease.

3. **Number of Police personnel per 1,000 inhabitants:** This is calculated in the same manner as a crime rate. For example: A municipality with a population of 8,280 and 28 police personnel. How many officers are there per 1,000 population?

    28 (police personnel) ÷ 8,280 (population) = .00338 x 1,000 = 3.4 (police personnel per 1,000 inhabitants)

    NOTE: This formula can be applied to either total police personnel or just police officers per 1,000 inhabitants.

4. **Police Assaulted Rate:** This is calculated at a rate per 100 police officers.
    For example: A municipality with 25 officers had five of them assaulted during the month. What is the police assaulted rate?

    5 (police officers assaulted) ÷ 25 (police officers) = .2 x 100 = 20 (police assaulted per 100 officers)

5. **Clearance Rate:** This refers to the percent of Index offenses cleared (solved), over a specific period of time. For example: A municipality with 513 Index offenses in a chosen time frame, cleared 95 of these offenses. What is the clearance rate?

    95 (Index offenses cleared) ÷ 513 (Index offenses) = .185 x 100 = 18 .5 (percent cleared)

6. **Annual Mean Population:** Is determined for each municipality designated a resort municipality by use of the following formula:

    $$AMP = \frac{12P + 3SP}{12}$$

    Where **AMP** equals Annual Mean Population; **P** equals Population; **SP** equals Seasonal Population.

To reduce crime, you must first identify its extent, type and location
