2010

UNIFORM CRIME REPORT
State of New Jersey
2010

Honorable Paula T. Dow
Attorney General
State of New Jersey

Colonel Joseph R. Fuentes
Superintendent
New Jersey State Police

Major L. Robert Bice
Commanding Officer
Identification & Information Technology Section
New Jersey State Police

Chief William Nally
Lacey Township Police Department
President
New Jersey Association of Chiefs of Police

The Honorable Chris Christie
Governor of the State of New Jersey

Honorable Members of the Senate and
Assembly of the State of New Jersey

Dear Governor and Members of the Legislature:

Pursuant to <u>N.J.S.A.</u> 52:17B-5.5, I am submitting the forty-fourth annual report of crime in New Jersey. The annual report is based on crime statistics submitted to the New Jersey Uniform Crime Reporting System by every New Jersey law enforcement agency for the year 2010.

Effective law enforcement requires accurate crime statistics in order to identify the extent, type, and location of criminal activity. Criminal Justice administrators and planners have long recognized the Uniform Crime Reporting Program as the vehicle to accomplish this objective.

The success of the Uniform Crime Reporting System during 2010 could not have been realized without the cooperation extended by each of the 542 law enforcement agencies of the State, the New Jersey Chiefs of Police Association, and the County Prosecutors Association.

It is in the interest of more effective law enforcement to the eight million residents of New Jersey that the forty-fourth annual report is submitted.

Respectfully,

Paula T. Dow
Attorney General of New Jersey

NEW JERSEY ASSOCIATION OF CHIEFS OF POLICE
ADVISORY REPRESENTATIVE ON UNIFORM CRIME REPORTING

Chief William Nally
Lacey Township Police Department

NEW JERSEY STATE POLICE

SYNOPSIS: UNIFORM CRIME REPORTING PROGRAM

THE NEW JERSEY UNIFORM CRIME REPORTING SYSTEM

DEFINITION

> The New Jersey Uniform Crime Reporting System is based upon the compilation, classification, and analysis of crime data reported by all New Jersey police agencies in accordance with the regulations prescribed by law.

DEVELOPMENT

The New Jersey Uniform Crime Reporting Law (N.J.S.A. 52:17 B-5.1 et. seq.) was enacted on May 16, 1966, and became effective January 1, 1967. Responsibility for the establishment, direction, control, and supervision of the Uniform Crime Reporting System was assigned to the State's Attorney General. The Attorney General authorized the New Jersey State Police to collect and collate the crime data received from law enforcement agencies within the state.

At the request of the Attorney General, the New Jersey State Police researched crime systems in operation throughout the nation in order to establish a firm foundation from which to grow. The most logical approach was the paralleling of the federal crime reporting system. There was a distinct need for a compatibility feature that would enhance both the state and federal systems through the data entry at both levels.

This compatibility has, as its nucleus, the standard classification of offenses established by the Federal Bureau of Investigation. Regardless of the label placed on a particular offense in the various states' systems, *i.e.,* felony, misdemeanor, disorderly persons, if the incident meets the federal standard it will be reported as an offense.

The terms "crime" and "offense" are used interchangeably in this publication, and refer to an act committed in violation of a law which is reportable under the guidelines of the Uniform Crime Reporting Program.

The New Jersey State Chiefs of Police Association has served the program in an advisory capacity since 1966. The contributions of this association have proved valuable to the success of the program. This association works in close harmony with the State Police as a means of improving the quality of reporting through recommended program standards, policies and procedures.

COLLECTION OF CRIME DATA

As required by statute, all law enforcement agencies in the state submit monthly and annual summary crime reports to the program. During the year 2010, offense and arrest data were received from 475 full-time municipal police departments, one (1) part-time municipal police department, and the New Jersey State Police (acting as the reporting agent for the 77 municipalities without local police services). In addition to the 470 full-time municipal police departments there are 18 police departments contracted by other municipalities.

In addition to the above agencies, arrest data was received from the state's 21 prosecutors, sheriffs' departments, one (1) county police department, and three (3) county park police departments. In order to incorporate all New Jersey law enforcement agencies under the system, the ten (10) other state agencies with law enforcement responsibilities, excluding state police, as well as 14 college campus police departments were incorporated within the program. Collectively, a total of 542 law enforcement agencies submit the reports to the New Jersey State Police.

METHOD
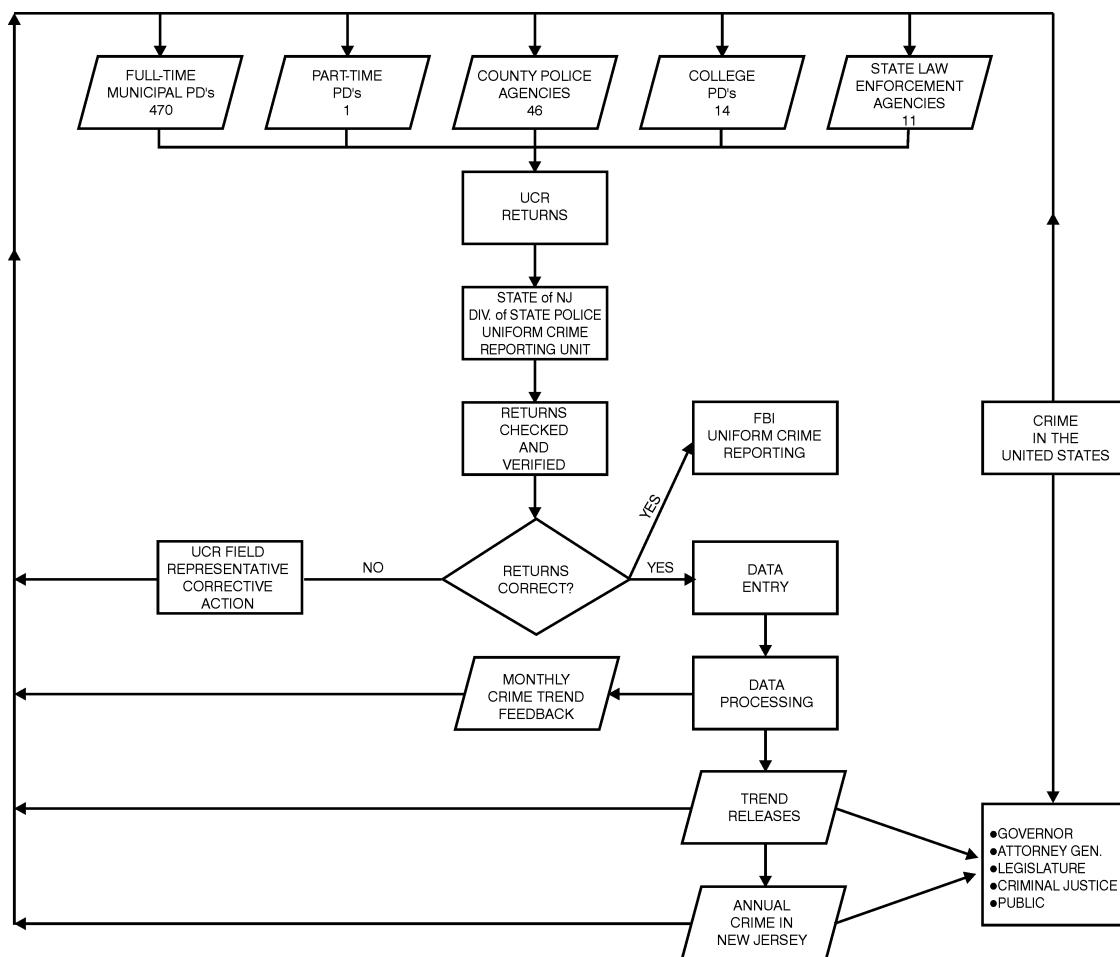

A State of New Jersey Uniform Crime Reporting Guide has been distributed to all contributors. It outlines reporting procedures in detail, and is complete to the extent of providing examples and illustrations. Field representatives provide additional instruction and clarification when required.

All reported offenses are related to the municipality in which they occur rather than to the agency which may conduct the investigation. The clearance is credited to the municipality in which the offense occurred. Each contributing agency is responsible for compiling its own reports. Law enforcement agencies report the number of known offenses according to the following categories: Homicide (Murder and Manslaughter), Rape, Robbery, Aggravated Assault, Burglary, Larceny-Theft, Motor Vehicle Theft, and Arson. The "Crime in New Jersey," and the Federal Bureau of Investigation's "Crime in the United States" publications exclude manslaughters, simple assaults, and arsons from the "Index" offenses. These are further referred to as "violent" and "nonviolent" crimes as

graphically illustrated in Section VII under "Municipal and County Offenses and Demographic Data," and Section II, "State Summary and Offense Analysis."

All reported offenses are compiled from a record of all criminal complaints received by police from victims or other sources, or discovered by the police during routine operations. Complaints determined to be unfounded are eliminated from this count. Analytical data pertaining to specific crime categories are also reported, *i.e.* total adult and juvenile arrests made during the month. Police killed or assaulted and arson data are also collected monthly. Police personnel information is submitted on an annual basis.

FLOW CHART OF UCR REPORTS

VERIFICATION PROCESSES

The uniformity and accuracy of data gathered from contributors must be safeguarded through various ways. Although guidelines and instructions are provided to each contributor, they are not the panaceas for the accuracy being sought.

The reports received by the Uniform Crime Reporting Unit are recorded and examined for mathematical accuracy and reasonableness of the interpretation of the offense classifications. Improper classifications, changes in reporting procedures, or actual change are identified in this manner. Errors of a minor nature are corrected by direct telephone contact with the contributors, while all other errors are resolved through a personal visit by a field representative to the reporting agency.

Further verification is accomplished through the analysis of statistical data accrued from the reports submitted. Fluctuations in crime rates noted from previous submissions are verified by the field representatives through their municipal counterpart.

FUNCTION

Police executives make use of this data in administrative, planning, and operational determinations for their respective jurisdictions. The State Police Uniform Crime Reporting Unit provides assistance to municipal police agencies through the individual analysis of statistics as they relate to specific crime problems within their jurisdiction. Police executives also use this data for identifying personnel and equipment needs. The Uniform Crime Reporting Program requirements not only have increased police efficiency in reporting and record keeping areas, but have helped police in their day to day operations.

Although the data collected on the offenses of manslaughter and simple assault are not presented in the annual report, they are required for the federal system. Data for these offenses is processed and provided for research purposes.

PROFILE OF NEW JERSEY

New Jersey is situated between the major industrial markets of New York and Philadelphia. The geographic location of the state has been a major factor in its growth and development. The many miles of interstate roadways within the state connect New Jersey directly with the neighboring states of New York, Pennsylvania, and Delaware. Additionally, New Jersey roadways accommodate large volumes of traffic as a corridor for commerce and travelers from throughout the United States.

The state is geographically composed of 21 counties which contain 565 incorporated municipalities. Nationally, New Jersey, although 46th in size, ranks tenth in population and first as the most densely populated state in the country. In addition to this density of 1,158.8 persons per square mile, New Jersey still has many miles of rural areas and sparsely settled communities. The areas of density are concentrated around the major urban centers and those venues most accessible for commuting.

Area in Square Miles	2010 Estimated Population	2000 Census Population	2010/2000 Percent Change	2010 Density per Square Mile	2000 Density per Square Mile
7,495.73	8,791,894	8,414,350	4.5	1,172.9	1,122.6

STATE, COUNTY AND MUNICIPAL PROFILES

The presentation of state, county and municipal profiles in this section is offered for the purpose of projecting, for the consideration of the reader, a group of recognizable factors which may affect the amount and type of crime that occurs from community to community. Selection of the areas of information to be related to individual municipalities was based on the immediacy and completeness of data available.

Population statistics presented here, and throughout this publication, were obtained from the Department of Labor, Division of Labor Market and Demographic Research.

Character of municipalities by urban, suburban and rural classifications, and square miles, were initially compiled by the Department of Community Affairs, Division of State and Regional Planning, Bureau of Statewide Planning, and will continue to be used for comparative purposes. Following is a list of categories used and a description of each category.

- URBAN CENTER   Densely populated with extensive development.
- URBAN SUBURBAN   Near an urban center but not as extremely developed and more residential areas.
- SUBURBAN   Predominantly single family residential, within a short distance of an urban area.
- RURAL   Scattered small communities and isolated single family dwellings.
- RURAL CENTER   High density core area with surrounding rural municipalities.

Certain other socioeconomic factors present in varying degrees in all communities may have an influence on resulting crime rates. Obvious difficulties in the identification, documentation and measurement of these factors, however, precluded their application in this report.

Those factors presented were listed to affirm their existence within the county and community and to provide a base for consideration in the evaluation of that community's crime experience.

RESORT MUNICIPALITY CRIME RATES

On July 10, 1998, section 4 of P.L. 1966, c37(C.52:17B-5.4) was amended to require the Uniform Crime Report to include, in addition to the regular statistics, an alternative calculation that takes into account the seasonal population of resort municipalities.

The Department of Labor has been mandated to determine which municipalities qualify as resort municipalities and certify their annual mean population (which includes seasonal population estimates.)

CRIME FACTORS

In order to provide a meaningful statistical profile of crime within the State of New Jersey, each law enforcement agency must provide the Uniform Crime Reporting Unit with data that depicts specific crimes that are occurring within their jurisdiction. There is a need for compatibility with the National Uniform Crime Reporting System and, therefore, categories of offense classifications used within the state are identical with those of the National System. This results in equitable conclusions being drawn from the data submitted.

Reported Part 1 offenses and arrests are recorded in the municipality where they occurred, regardless of the outside investigative agency which may investigate, arrest, or otherwise dispose of the case.

The factors which influence crime rates are dependent upon characteristics of the community. When attempting to interpret the crime statistics presented herein, one should be aware of the social structure and factors that lead to or cause criminal behavior.

Crime rates in this publication are based on the stable population of the municipality. Municipalities that experience high population increases due to special events or commuters or with high seasonal populations, may indicate a higher crime rate per one thousand than may be normal for a municipality their size. A separate section provides statistics for resort municipalities using crime rates which include seasonal populations.

Set forth below are some factors which, by type and volume, will affect the crime rate that occurs from place to place:

- Density and size of the community population and the metropolitan areas of which it is a part.

- Composition of the population with reference particularly to age, sex and race.

- Economic status, including job availability, and mores of the population.

- Relative stability of population, including commuter, seasonal, and other transient types.

- Climate, including seasonal weather conditions.

- Cultural conditions, such as educational, recreational, and religious characteristics.

- Effective strength of law enforcement agencies.

- Administrative and investigative emphases of law enforcement.

- Policies of other components of the criminal justice system (*i.e.,* prosecutorial, judicial, correctional, and probational).

- Crime reporting practices of the general citizenry.

- Attitudes of the public toward crime reporting.

- The administrative and investigative efficiency of the local law enforcement agency, including the degree of adherence to crime reporting standards.

- Cooperation of adjoining and overlapping police agencies.

THE POLICE POINT OF VIEW

The New Jersey State Police Uniform Crime Reporting Unit surveyed various police agencies of the state, attempting to ascertain their opinion concerning factors contributing to the increase or decrease of specific crimes in their municipality. One of the goals of the Uniform Crime Reporting Unit is to assist police in reducing crime by first identifying its extent, type and location. The following viewpoints are offered with the expectation of reaching this goal.

ROBBERY

Decreases:

- More stringent sentencing requirements under the State Criminal Code.
- Advanced technology in communications has led to increased exchanges of information between police departments.
- Highly visible foot patrols being deployed in commercial areas and densely populated residential areas.
- Use of Anti-crime Unit in high robbery areas.

Increases:

- Resort areas have shown an increasing seasonal population.
- Our highly mobile society provides easy access to areas which were previously difficult to reach.

BURGLARY

Decreases:

- Better deployment of police personnel, such as highly visible foot patrols in high density crime areas, and increased patrols during probable time and at probable locations of burglaries.
- More stringent sentencing requirements under the State's Criminal Code have been a deterrent.
- Crime Prevention Programs are being stressed in many communities and citizens have been taking a more active part by reporting suspicious persons or circumstances.

Increases:

- Extreme increases in population in certain areas have led to new housing in suburban and rural areas.
- Husband and wife are both working; leaving homes frequently unoccupied for long periods of time.

LARCENY

Decreases:

- Public awareness programs contribute to the decrease in thefts from parked vehicles.
- Improved or additional lighting deters criminal acts from occurring in parking areas.
- "Safe Streets" Programs and Anti-crime Units have been established in many communities.

Increases:

- Shoplifting is a theft that police have little or no control over. Store security forces are under the control of the store administration, and their policies vary from strict enforcement, arrest and prosecution, to only a warning. Policy change has been directed toward prosecuting the offenders rather than warning them, causing to some extent an increase in the number of shoplifting offenses reported to the police.
- Certain types of property such as CD players, radar detectors and radios are popular and present resale opportunities.
- Youth gang activity on the increase resulting in thefts from motor vehicles.

MOTOR VEHICLE THEFT

Decreases:

- Stronger sentencing of career criminals has been effective.
- Modern ignition systems and anti-theft devices act as a deterrent.
- Better lighting in parking lots has helped decrease motor vehicle thefts.

Increases:

- The tremendous replacement cost of auto parts has contributed significantly to the increase in motor vehicle thefts for the purpose of auto parts resale.

— State Summary & Offense Analysis —

STATEWIDE CRIME SUMMARY – 2010

CRIME INDEX – VOLUME/RATE

- There were 210,817 Index offenses in 2010, a 1 percent increase compared to 2009.

- The crime rate of the state is 24 victims for every 1,000 permanent inhabitants, an increase of less than one-half of one percent compared to 2009.

ADDITIONAL ANALYSIS

- August with 21,422 offenses reported, recorded the highest incidence of Crime Index offenses while February was the lowest with 11,805 offenses.

- The total value of property stolen amounted to $354.8 million in 2010, an increase of 2 percent from 2009.

- Value of property recovered was $92.1 million, resulting in a recovery rate of 26 percent.

- Stolen motor vehicles accounted for 39 percent of stolen property and 85 percent of the recovered property value.

CRIME INDEX ARRESTS/CLEARANCES

- A total of 46,678 persons were arrested for Index offenses, which represents a 4 percent decrease compared to 2009.

- Adult Index arrests decreased 1 percent and juvenile Index arrests decreased 15 percent.

- Crime Index arrests accounted for 13 percent of the total arrests in 2010.

- Males accounted for 67 percent of the Crime Index arrests and females accounted for 33 percent.

- Sixty percent of the Index arrests were white, 39 percent were black and 2 percent were other races.

- Hispanics accounted for 19 percent of the arrests for Index offenses.

- Police cleared 21 percent of the Index offenses and juveniles accounted for 15 percent of those clearances.

Violent Crime Summary

This category consists of the following Index offenses: Murder, Rape, Robbery, Aggravated Assault.

VOLUME/RATE/TREND

- There were 27,174 violent crimes reported in 2010, an increase of less than one-half of one percent compared to the violent crimes reported in 2009.

- Violent crimes accounted for 13 percent of the total Crime Index.

- The violent crime rate remained unchanged in 2010.

ADDITIONAL ANALYSIS

● The highest number of violent crimes were reported in July with 2,645 offenses while the lowest number was reported in February with 1,624 offenses.

● The total value of property stolen as a result of violent crime was $13.6 million in 2010 an increase of 7 percent from 2009.

ARRESTS/CLEARANCES

● There were 12,877 violent crime arrests, a decrease of 7 percent compared to 2009.

● Violent crime arrests accounted for 28 percent of the Index arrests and 4 percent of the total arrests during the year.

● Adult arrests for violent crime decreased 4 percent and juvenile arrests decreased 17 percent.

● Adults accounted for 82 percent of the violent crime arrests while the remaining 18 percent were juveniles.

● Males accounted for 81 percent of the Crime Index arrests and females accounted for 19 percent.

● Forty-eight percent of those arrests were white, 51 percent were black and 1 percent were other races.

● Hispanics accounted for 23 percent of the arrests for violent crimes.

● Forty percent of violent crimes were cleared and juveniles accounted for 15 percent of those clearances.

NONVIOLENT CRIME SUMMARY

 This category consists of the following Index offenses: Burglary, Larceny-Theft, Motor Vehicle Theft.

VOLUME/RATE/TREND

● There were 183,643 nonviolent crimes reported in 2010, a 2 percent increase compared to nonviolent crimes reported in 2009.

● Nonviolent crimes accounted for 87 percent of the total Crime Index.

● The nonviolent crime rate experienced an insignificant change (20.9 victims for every 1,000 inhabitants in 2010).

ADDITIONAL ANALYSIS

● The highest number of nonviolent crimes were reported in August with 18,860 offenses while the lowest number was reported in February with 10,181 offenses.

● The total value of property stolen as a result of nonviolent crime was $341.3 million in 2010 an increase of 2 percent from 2009.

ARRESTS/CLEARANCES

● There were 33,801 nonviolent crime arrests, a decrease of 3 percent when compared to 2009.

● Nonviolent crime arrests accounted for 72 percent of the Index arrests and 9 percent of the total arrests during the year.

● Juveniles were responsible for 20 percent of the nonviolent crime arrests and adults 80 percent.

● Adult arrests for nonviolent crimes increased 1 percent and juvenile arrests decreased 15 percent.

- Males represented 62 percent and females 38 percent of persons arrested for nonviolent crime.

- Sixty-four percent of all persons arrested for nonviolent crimes were white, 34 percent were black and 2 percent were other races.

- Hispanics accounted for 17 percent of the arrests for nonviolent crimes.

- Eighteen percent of all nonviolent crimes reported were cleared in 2010, and juveniles accounted for 15 percent of those clearances.

TOTAL ARREST SUMMARY

- There were 364,211 persons arrested in 2010, which represents a 8 percent decrease compared to 2009.

- The arrest rate for 2010 decreased 8.9 percent with 41.9 persons arrested per every 1,000 inhabitants.

- Adult arrests decreased 7 percent to 323,509 and juvenile arrests decreased 17 percent to 40,702 in 2010.

- Adults accounted for 89 percent and juveniles 11 percent of the total state arrests.

- Persons under 21 years of age accounted for 24 percent of the total state arrests.

- Males accounted for 75 percent and females 25 percent of the total persons arrested during the year.

- Fifty-eight percent of total persons arrested in 2010 were white, 40 percent were black and 2 percent were other races.

- Hispanics accounted for 17 percent of the arrests.

POLICE OFFICERS KILLED AND ASSAULTED SUMMARY

- In 2010, no police officers were feloniously killed in the line of duty.

- In 2010, New Jersey reported 2,479 police officers assaulted in the line of duty.

CRIME IN NEW JERSEY, UNITED STATES AND THE NORTHEAST REGION

- Violent crime in New Jersey and the Northeast Region remained virtually unchanged compared to the previous year, while the violent crime in the United States decreased by 6 percent overall.

- Nonviolent crime in New Jersey increased 2 percent, while the Northeast Region remained virtually unchanged compared to the previous year. Nonviolent crime in the United States decreased 3 percent when compared to the 2009 figure.

MURDER

Definition:

Murder is defined as the unlawful killing of a human being with malice aforethought. Any death due to a fight, argument, quarrel, assault, or commission of a crime is included. This Index offense is counted by police on the basis of their investigation without regard to findings of a court, jury or the decision of a prosecutor. Attempts to kill, are scored as aggravated assaults and not as murder. Suicides, accidental deaths, negligent manslaughters, and justifiable homicides are not counted, nor reflected in the murder classification.

VOLUME/RATE/TREND

- There were 372 murders reported to law enforcement agencies of the state in 2010, a 16 percent increase compared to the 320 murders reported in 2009.

- Murders accounted for 0.18 percent of the reported index offenses, and 1 percent of the violent crime.

ADDITIONAL ANALYSIS

- The age group of 20-24 accounted for 19 percent of all murder victims.

- Firearms were used in 67 percent of the murders, knives or cutting instruments in 14 percent, physical force in 8 percent, and blunt objects in 5 percent.

- Twenty-five percent of the offenders were friends or acquaintances of the victim, while 16 percent were strangers, and 4 percent were relatives.

- Felony murders accounted for 21 percent of all murder circumstances. Robbery was the motive in 52 percent of the 77 felony murders.

- Sixty-six murders were recorded on Saturday for the high, while Friday was the lowest, with 37.

- June recorded the highest number of murders 44, while March recorded the lowest 19.

- Fifty percent of the murders occured on highways or streets, 17 percent in single family dwellings, and 10 percent in multi-family apartment dwellings.

- Thirty-eight domestic violence murders were recorded in 2010.

- Drug-related and/or gang related circumstances accounted for 9 percent (32) of all murders.

ARRESTS/CLEARANCES
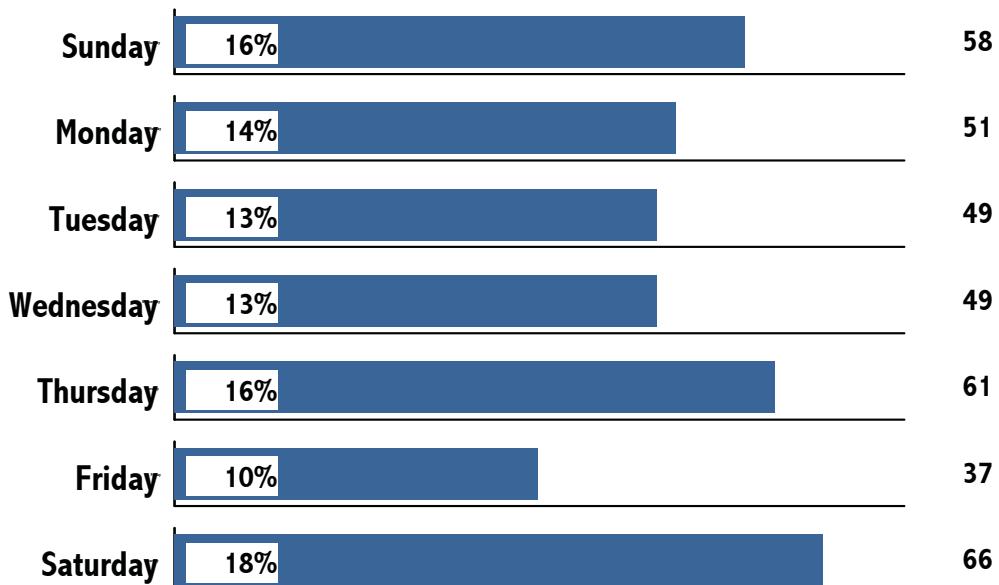

- A total of 259 persons were arrested for murder in 2010, a 13 percent increase compared to 2009.

- Adult murder arrests increased 16 percent (from 201 to 234) while juvenile arrests decreased 11 percent (from 28 to 25).

- Sixty-eight percent of persons arrested for murder were black and 32 percent were white.

- Hispanics accounted for 20 percent of the arrests.

- Sixty-two percent of the murders were cleared in 2010 (229 out of 371). Juveniles accounted for 4 percent of those cases cleared.

- Males accounted for 92 percent and females 8 percent of those arrested for murder.

ROBBERY

Definition

Robbery is defined as the felonious and forcible taking of the property of another, against his will, by violence or by putting him in fear. The element of personal confrontation is always present in this crime. Under the program, all assaults or attempts to rob are included.

VOLUME/RATE/TREND
- There were 11,859 robbery offenses in 2010, an increase of 2 percent compared to 2009.
- Robbery accounted for 6 percent of the total Crime Index and 44 percent of all violent crimes.
- The robbery rate was 1.3 victims per 1,000 population.

ADDITIONAL ANALYSIS
- Highway robberies accounted for 65 percent of all reported robberies.
- Convenience store robberies increased 18 percent, while highway robberies increased 5 percent.
- The total value of property stolen during robberies amounted to $13,450,834.
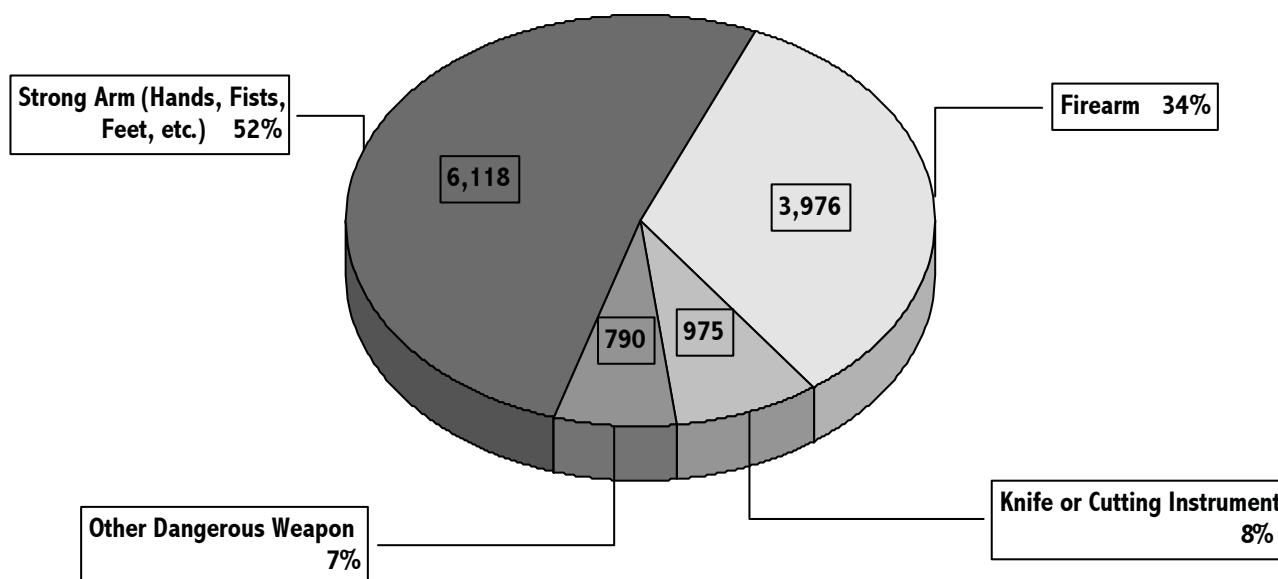

ARRESTS/CLEARANCES
- A total of 3,875 persons were arrested for robbery in 2010, a 12 percent decrease compared to 2009.
- Adult robbery arrests decreased 7 percent and juvenile robbery arrests decreased 25 percent.
- Males accounted for 88 percent and females 12 percent of the robbery arrests during 2010.
- Sixty-three percent of all persons arrested for robbery were black, 36 percent were white, and 1 percent were other races.
- Hispanics accounted for 20 percent of the robbery arrests.
- Twenty-five percent of robbery cases were cleared and juveniles accounted for 22 percent of those clearances.

LARCENY-THEFT

Definition

> The definition of larceny-theft, as provided under this program, is the taking of the property of another with intent to deprive him of ownership. All larcenies and thefts resulting from pocketpicking, purse-snatching, shoplifting, larcenies from motor vehicles, thefts or motor vehicle parts and accessories, bicycle thefts, etc., are included here. Embezzlement, unlawful conversions, larceny by bailee, frauds or bad checks are not included.

VOLUME/RATE/TREND

- There were 129,294 larcenies reported in 2010 an increase of 1 percent compared to 2009.

- Larceny accounted for 61 percent of the total Crime Index and 70 percent of all nonviolent crimes.

- The rate for larceny was 15 victims per 1,000 population.

ADDITIONAL ANALYSIS

- Theft of motor vehicle parts and accessories and thefts from motor vehicles collectively accounted for 30 percent of all larceny-theft reported.

- Shoplifting offenses increased 3 percent when compared to 2009.

- Theft from buildings accounted for 16 percent of all larceny-thefts reported.

ARRESTS/CLEARANCES

- Larceny arrests decreased 2.5 percent in 2010 with 27,080 persons arrested.

- Adult arrests increased 1 percent, and juvenile arrests decreased 13 percent.

- Males accounted for 56 percent, and females 44 percent of the larceny arrests.

- Sixty-four percent of larceny arrests were white, 34 percent were black, and the remaining 2 percent were other races.

- Hispanics accounted for 17 percent of the arrests.

- Twenty-one percent of the larcenies were cleared with juveniles accounting for 16 percent of those clearances.

MOTOR VEHICLE THEFT

Definition:

In Uniform Crime Reporting, motor vehicle theft includes all thefts and attempted thefts of a motor vehicle. This includes the theft or attempted theft of a motor vehicle which is defined as a self-propelled vehicle that runs on the surface and not on the rails. This definition excludes taking a motor vehicle for temporary use, such as family situation, or unauthorized use by others having lawful access to the vehicle. The motor vehicle theft category includes the subheadings of autos, trucks and buses, and other vehicles (motorcycles, mopeds, etc.)

VOLUME/RATE/TREND

- There were 15,555 motor vehicle thefts reported in 2010, an increase of less than one-half of one percent when compared to 2009.

- Motor vehicle theft accounted for 7 percent of the total Crime Index and 8 percent of all nonviolent crimes.

- The motor vehicle theft rate was 1.8 victims per 1000 population.

DISTRIBUTION BY TYPE

Type	Number	Percent Distribution
Auto	13,650	88
Trucks and Buses	830	5
Other Vehicles	1,075	7

ADDITIONAL ANALYSIS

- Motor vehicles represented 39 percent of the total value of property stolen during 2010.

- Total value of stolen motor vehicles amounted to $138 million during the year.

- The average value of a stolen motor vehicle was $8,620.

- Recovered vehicle values totaling $78 million represent 85 percent of the total value of recovered property.

ARREST/CLEARANCES

- A total of 655 persons arrested for Motor Vehicle Theft, this represents 18 percent decreased compared to 2009.

- Adult arrests decreased 13 percent, and juvenile arrests decreased 32 percent.

- Males accounted for 75 percent, and females 25 percent of the motor vehicle theft arrests.

- Fifty-nine percent of all persons arrested for motor vehicle theft were white and 41 percent were black.

- Hispanics accounted for 14 percent of the arrests.

- Six percent of motor vehicle thefts were cleared in 2010; juveniles accounted for 11 percent of those clearances.

ARSON

Definition

> Arson is defined by the New Jersey Uniform Crime Reporting program as any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling, house, public building, motor vehicle or aircraft, personal property of another, etc.
>
> Only fires determined through investigation to have been willfully or maliciously set are classified as arsons. Fires of suspicious or unknown origins are excluded.

VOLUME/RATE/TREND

- There were 997 reportable arsons in 2010, which represents a decrease of 10 percent when compared to 2009.
- The arson rate was 0.1 victims per 1,000 population.

ADDITIONAL ANALYSIS

- Forty-six percent of arsons were structures, with single occupancy residences accounting for 21 percent.
- Mobile property, including motor vehicles, accounted for 25 percent of the arsons in the state.
- Other property (timber, crops, etc.) accounted for 29 percent of the reported arsons.
- Total value of property damage due to arson amounted to $24.9 million, for an average loss of $24,550.
- The average residential loss was $69,203, while the average loss to industrial/commercial structures was $14,910
- The average loss to mobile property was $7,162.

ARRESTS/CLEARANCES

- Arson arrests numbered 295 in 2010 representing 8 percent decrease, compared to 2009.
- Adult arrests decreased 6 percent, and juvenile arrests decreased 10 percent.
- Males accounted for 81 percent, and females for 19 percent of the arson arrests.
- Juveniles accounted for 54 percent of all arsons arrests.
- Seventy-two percent of the persons arrested for arson were white, 26 percent were black, and the remaining 2 percent were other races.
- Hispanics accounted for 14 percent of the arrests.
- The arson clearance rate was 29 percent, and juveniles accounted for 39 percent of those clearances.

GAMBLING

Definition

Gambling violations are defined as the promoting, permitting or engaging in illegal gambling.

- There were 107 arrests reported by law enforcement agencies for gambling during this year, a decrease of 60 percent when compared to 2009.

- Adults accounted for 83 percent and juveniles accounted for 17 percent of the arrests.

- Males accounted for 75 percent and females 25 percent of the arrests.

- Eighty percent of total persons arrested in 2010 were white, 18 percent were black, and 2 percent were other races.

- The Hispanic ethnic origin accounted for 42 percent of the arrests and 58 percent were non-Hispanic.

OFFENSES AGAINST FAMILY AND CHILDREN

Definition

The definition of offenses against family and children is the nonsupport, neglect, desertion or abuse of family and children.

- There were 13,335 arrests reported by law enforcement agencies for offenses against family and children during this year, a decrease of 8 percent when compared to 2009.

- Adults accounted for 99 percent and juveniles accounted for 1 percent of the arrests.

- Males accounted for 89 percent and females 11 percent of the arrests.

- Fifty-seven percent of total persons arrested in 2010 were white, 42 percent were black, and 1 percent were other races.

- The Hispanic ethnic origin accounted for 12 percent of the arrests and 88 percent were non-Hispanic.

DRIVING UNDER THE INFLUENCE

Definition

Under the New Jersey Crime Reporting Program, the offense of driving under the influence is defined as the driving or operating of any motor vehicle while drunk or under the influence of alcohol or narcotics.

- There were 26,639 arrests reported by law enforcement agencies for driving under the influence during this year, a decrease of 4 percent when compared to 2009.

- Adults accounted for 99 percent and juveniles accounted for 1 percent of the arrests.

- Males accounted for 67 percent and females 33 percent of the arrests.

- Eighty-four percent of total persons arrested in 2010 were white, 14 percent were black, and 3 percent were other races.

- The Hispanic ethnic origin accounted for 20 percent of the arrests and 80 percent were non-Hispanic.

LIQUOR LAWS

Definition

Included in this category are state or local liquor law violations, with the exception of 'driving under the influence'.

- There were 6,970 arrests reported by law enforcement agencies for liquor laws during this year, a decrease of 5 percent when compared to 2009.

- Adults accounted for 70 percent and juveniles accounted for 30 percent of the arrests.

- Males accounted for 72 percent and females 28 percent of the arrests.

- Eighty-nine percent of total persons arrested in 2010 were white, 9 percent were black, and 2 percent were other races.

- The Hispanic ethnic origin accounted for 10 percent of the arrests and 90 percent were non-Hispanic.

DISORDERLY CONDUCT

Definition

In this category are placed all charges of committing a breach of the peace (disorderly person).

- There were 20,215 arrests reported by law enforcement agencies for disorderly conduct during this year, a decrease of 8 percent when compared to 2009.

- Adults accounted for 83 percent and juveniles accounted for 17 percent of the arrests.

- Males accounted for 78 percent and females 22 percent of the arrests.

- Sixty-two percent of total persons arrested in 2010 were white, 37 percent were black, and 1 percent were other races.

- The Hispanic ethnic origin accounted for 17 percent of the arrests and 83 percent were non-Hispanic.

VAGRANCY

Definition

In this category are persons charged with vagabondage, begging, loitering, etc.

- There were 850 arrests reported by law enforcement agencies for vagrancy during this year, a decrease of 43 percent when compared to 2009.

- Adults accounted for 97 percent and juveniles accounted for 3 percent of the arrests.

- Males accounted for 85 percent and females 15 percent of the arrests.

- Fifty-two percent of total persons arrested in 2010 were white, and 47 percent were black.

- The Hispanic ethnic origin accounted for 9 percent of the arrests and 91 percent were non-Hispanic.

Percent distribution may not add to 100 due to rounding.

ALL OTHER OFFENSES

Definition

Included in this category are all violation of state and local laws, except those offenses that can be categorized into one of the specific crime classifications previously mentioned.

- There were 143,082 arrests reported by law enforcement agencies for all other offenses (except traffic) during this year, a decrease of 9 percent when compared to 2009.

- Adults accounted for 96 percent and juveniles accounted for 4 percent of the arrests.

- Males accounted for 76 percent and females 24 percent of the arrests.

- Fifty-two percent of total persons arrested in 2010 were white, 47 percent were black, and 1 percent were other races.

- The Hispanic ethnic origin accounted for 15 percent of the arrests and 85 percent were non-Hispanic.

CURFEW AND LOITERING LAW VIOLATIONS

Definition

In this category are juvenile arrests made for violations of local curfew or loitering ordinances.

- There were 3,428 arrests reported by law enforcement agencies for curfew and loitering law violations during this year, a decrease of 39 percent when compared to 2009.

- Males accounted for 70 percent and females 30 percent of the arrests.

- Forty-four percent of total persons arrested in 2010 were white, and 56 percent were black.

- The Hispanic ethnic origin accounted for 21 percent of the arrests and 79 percent were non-Hispanic.

RUNAWAYS

Definition

For Uniform Crime Reporting purposes, this category is limited to juveniles taken into protective custody, under provisions of local statutes, as runaways.

- There were 3,500 arrests reported by law enforcement agencies for runaways during this year, a decrease of 8 percent when compared to 2009.

- Males accounted for 43 percent and females 57 percent of the arrests.

- Forty-one percent of total persons arrested in 2010 were white, 58 percent were black, and 1 percent were other races.

- The Hispanic ethnic origin accounted for 27 percent of the arrests and 73 percent were non-Hispanic.

Percent distribution may not add to 100 due to rounding.

- Murder decreased from 2 in 2009 to 1 in 2010. Rape decreased from 27 in 2009 to 23 in 2010.
- Robbery decreased from 203 in 2009 to 195 in 2010. Burglary increased from 1,490 in 2009 to 1,568 in 2010.
- Aggravated assault decreased from 404 in 2009 to 277 in 2010.
- The total value of property stolen in Gloucester County amounted to $10.3 million, of which 24 percent was recovered.

ARRESTS/CLEARANCES

- There were 17,929 persons arrested during 2010, an increase of 2 percent when compared to 2009.
- Adult arrests increased 3 percent to 16,543 and juvenile arrests decreased 7 percent to 1,386 in 2010.
- The total clearance rate for Index offenses was 23 percent; juveniles were responsible for 13 percent of those cases.

Hudson County

VOLUME/RATE

- A total of 15,749 Crime Index Offenses were reported to the police of Hudson County during 2010, a 4 percent decrease when compared to 2009.
- Violent crimes decreased 2 percent while the nonviolent crime category decreased 4 percent.
- The crime rate for Hudson County was recorded at 24.8 victims for every 1,000 permanent inhabitants, a decrease of 10 percent compared to the previous year.
- Murder increased from 30 in 2009 to 36 in 2010. Rape decreased from 73 in 2009 to 67 in 2010.
- Robbery decreased from 1,386 in 2009 to 1,378 in 2010. Burglary increased from 2,786 in 2009 to 2,820 in 2010.
- Aggravated assault decreased from 1,478 in 2009 to 1,412 in 2010.
- The total value of property stolen in Hudson County amounted to $34.3 million, of which 30 percent was recovered.

ARRESTS/CLEARANCES

- There were 22,148 persons arrested during 2010, a decrease of 15 percent when compared to 2009.
- Adult arrests decreased 15 percent to 20,106 and juvenile arrests decreased 15 percent to 2,042 in 2010.
- The total clearance rate for Index offenses was 20 percent; juveniles were responsible for 14 percent of those cases.

Hunterdon County

VOLUME/RATE

- A total of 1,122 Crime Index Offenses were reported to the police of Hunterdon County during 2010, an increase of less than one-half of one percent when compared to 2009.
- Violent crimes increased 2 percent while the nonviolent crime category increased less than one-half of one percent.
- The crime rate for Hunterdon County was recorded at 8.7 victims for every 1,000 permanent inhabitants, an increase of 1 percent compared to the previous year.
- Murder remained the same in 2010. Rape increased from 4 in 2009 to 7 in 2010.
- Robbery decreased from 11 in 2009 to 7 in 2010. Burglary decreased from 233 in 2009 to 191 in 2010.
- Aggravated assault increased from 48 in 2009 to 50 in 2010.
- The total value of property stolen in Hunterdon County amounted to $2.2 million, of which 23 percent was recovered.

ARRESTS/CLEARANCES

- There were 3,193 persons arrested during 2010, a decrease of 8 percent when compared to 2009.
- Adult arrests decreased 9 percent to 2,869 and juvenile arrests decreased 6 percent to 324 in 2010.
- The total clearance rate for Index offenses was 23 percent; juveniles were responsible for 11 percent of those cases.

Mercer County

VOLUME/RATE

- A total of 9,475 Crime Index Offenses were reported to the police of Mercer County during 2010, a 3 percent increase when compared to 2009.
- Violent crimes increased 5 percent while the nonviolent crime category increased 2 percent.
- The crime rate for Mercer County was recorded at 25.9 victims for every 1,000 permanent inhabitants, an increase of 2 percent compared to the previous year.
- Murder increased from 18 in 2009 to 20 in 2010. Rape decreased from 56 in 2009 to 27 in 2010.
- Robbery decreased from 699 in 2009 to 684 in 2010. Burglary increased from 1,661 in 2009 to 1,874 in 2010.
- Aggravated assault increased from 839 in 2009 to 958 in 2010.
- The total value of property stolen in Mercer County amounted to $10.3 million, of which 23 percent was recovered.

ARRESTS/CLEARANCES

- There were 22,086 persons arrested during 2010, a decrease of 9 percent when compared to 2009.
- Adult arrests decreased 7 percent to 19,216 and juvenile arrests decreased 20 percent to 2,870 in 2010.
- The total clearance rate for Index offenses was 20 percent; juveniles were responsible for 19 percent of those cases.

Middlesex County

VOLUME/RATE

- A total of 15,507 Crime Index Offenses were reported to the police of Middlesex County during 2010, a 5 percent decrease when compared to 2009.
- Violent crimes decreased 5 percent while the nonviolent crime category decreased 4 percent.
- The crime rate for Middlesex County was recorded at 19.1 victims for every 1,000 permanent inhabitants, a decrease of 7 percent compared to the previous year.
- Murder increased from 14 in 2009 to 17 in 2010. Rape increased from 68 in 2009 to 69 in 2010.
- Robbery decreased from 582 in 2009 to 570 in 2010. Burglary decreased from 2,631 in 2009 to 2,506 in 2010.
- Aggravated assault decreased from 871 in 2009 to 797 in 2010.
- The total value of property stolen in Middlesex County amounted to $34.4 million, of which 20 percent was recovered.

ARRESTS/CLEARANCES

- There were 23,821 persons arrested during 2010, a decrease of 9 percent when compared to 2009.
- Adult arrests decreased 8 percent to 21,534 and juvenile arrests decreased 18 percent to 2,287 in 2010.
- The total clearance rate for Index offenses was 19 percent; juveniles were responsible for 19 percent of those cases.

Monmouth County

VOLUME/RATE

- A total of 15,237 Crime Index Offenses were reported to the police of Monmouth County during 2010, a 3 percent increase when compared to 2009.
- Violent crimes decreased 5 percent while the nonviolent crime category increased 4 percent.
- The crime rate for Monmouth County was recorded at 24.2 victims for every 1,000 permanent inhabitants, an increase of 5 percent compared to the previous year.
- Murder remained the same in 2010. Rape increased from 64 in 2009 to 66 in 2010.
- Robbery increased from 508 in 2009 to 519 in 2010. Burglary increased from 2,528 in 2009 to 2,694 in 2010.
- Aggravated assault decreased from 753 in 2009 to 676 in 2010.
- The total value of property stolen in Monmouth County amounted to $21.4 million, of which 20 percent was recovered.

ARRESTS/CLEARANCES

- There were 29,439 persons arrested during 2010, a decrease of 4 percent when compared to 2009.
- Adult arrests decreased 1 percent to 26,347 and juvenile arrests decreased 21 percent to 3,092 in 2010.
- The total clearance rate for Index offenses was 25 percent; juveniles were responsible for 17 percent of those cases.

Morris County

VOLUME/RATE

- A total of 5,644 Crime Index Offenses were reported to the police of Morris County during 2010, a 6 percent decrease when compared to 2009.
- Violent crimes decreased 8 percent while the nonviolent crime category decreased 5 percent.
- The crime rate for Morris County was recorded at 11.5 victims for every 1,000 permanent inhabitants, a decrease of 7 percent compared to the previous year.
- Murder remained the same in 2010. Rape decreased from 37 in 2009 to 26 in 2010.
- Robbery decreased from 100 in 2009 to 91 in 2010. Burglary increased from 1,056 in 2009 to 1,119 in 2010.
- Aggravated assault decreased from 248 in 2009 to 236 in 2010.
- The total value of property stolen in Morris County amounted to $9 million, of which 25 percent was recovered.

ARRESTS/CLEARANCES

- There were 12,329 persons arrested during 2010, a decrease of 8 percent when compared to 2009.
- Adult arrests decreased 9 percent to 10,637 and juvenile arrests decreased 4 percent to 1,692 in 2010.
- The total clearance rate for Index offenses was 24 percent; juveniles were responsible for 10 percent of those cases.

Ocean County

VOLUME/RATE

- A total of 12,162 Crime Index Offenses were reported to the police of Ocean County during 2010, a 7 percent increase when compared to 2009.
- Violent crimes decreased 1 percent while the nonviolent crime category increased 8 percent.
- The crime rate for Ocean County was recorded at 21.1 victims for every 1,000 permanent inhabitants, an increase of 6 percent compared to the previous year.
- Murder increased from 5 in 2009 to 12 in 2010. Rape decreased from 52 in 2009 to 32 in 2010.
- Robbery increased from 201 in 2009 to 215 in 2010. Burglary increased from 2,074 in 2009 to 2,300 in 2010.
- Aggravated assault decreased from 448 in 2009 to 443 in 2010.
- The total value of property stolen in Ocean County amounted to $14.8 million, of which 15 percent was recovered.

ARRESTS/CLEARANCES

- There were 17,875 persons arrested during 2010, a decrease of 2 percent when compared to 2009.
- Adult arrests decreased less than one-half of one percent to 16,117 and juvenile arrests decreased 16 percent to 1,758 in 2010.
- The total clearance rate for Index offenses was 17 percent; juveniles were responsible for 15 percent of those cases.

Passaic County

VOLUME/RATE

- A total of 13,918 Crime Index Offenses were reported to the police of Passaic County during 2010, a 6 percent increase when compared to 2009.
- Violent crimes increased 15 percent while the nonviolent crime category increased 4 percent.
- The crime rate for Passaic County was recorded at 27.8 victims for every 1,000 permanent inhabitants, an increase of 4 percent compared to the previous year.
- Murder increased from 22 in 2009 to 26 in 2010. Rape increased from 60 in 2009 to 67 in 2010.
- Robbery increased from 1,048 in 2009 to 1,206 in 2010. Burglary increased from 2,385 in 2009 to 2,793 in 2010.
- Aggravated assault increased from 1,119 in 2009 to 1,288 in 2010.
- The total value of property stolen in Passaic County amounted to $16.3 million, of which 22 percent was recovered.

ARRESTS/CLEARANCES

- There were 17,370 persons arrested during 2010, a decrease of 9 percent when compared to 2009.
- Adult arrests decreased 11 percent to 14,237 and juvenile arrests decreased 1 percent to 3,133 in 2010.
- The total clearance rate for Index offenses was 14 percent; juveniles were responsible for 22 percent of those cases.

Salem County

VOLUME/RATE

- A total of 1,817 Crime Index Offenses were reported to the police of Salem County during 2010, a 10 percent increase when compared to 2009.
- Violent crimes increased 11 percent while the nonviolent crime category increased 10 percent.
- The crime rate for Salem County was recorded at 27.5 victims for every 1,000 permanent inhabitants, an increase of 10 percent compared to the previous year.
- Murder increased from 0 in 2009 to 4 in 2010. Rape increased from 8 in 2009 to 9 in 2010.
- Robbery increased from 46 in 2009 to 57 in 2010. Burglary increased from 403 in 2009 to 461 in 2010.
- Aggravated assault increased from 101 in 2009 to 102 in 2010.
- The total value of property stolen in Salem County amounted to $3.2 million, of which 15 percent was recovered.

ARRESTS/CLEARANCES

- There were 5,119 persons arrested during 2010, a decrease of 16 percent when compared to 2009.
- Adult arrests decreased 15 percent to 4,682 and juvenile arrests decreased 24 percent to 437 in 2010.
- The total clearance rate for Index offenses was 30 percent; juveniles were responsible for 9 percent of those cases.

Somerset County

VOLUME/RATE

- A total of 4,511 Crime Index Offenses were reported to the police of Somerset County during 2010, a 2 percent decrease when compared to 2009.
- Violent crimes decreased 6 percent while the nonviolent crime category decreased 2 percent.
- The crime rate for Somerset County was recorded at 13.9 victims for every 1,000 permanent inhabitants, a decrease of 2 percent compared to the previous year.
- Murder remained the same in 2010. Rape increased from 21 in 2009 to 22 in 2010.
- Robbery decreased from 111 in 2009 to 110 in 2010. Burglary decreased from 801 in 2009 to 769 in 2010.
- Aggravated assault decreased from 134 in 2009 to 117 in 2010.
- The total value of property stolen in Somerset County amounted to $11.2 million, of which 12 percent was recovered.

ARRESTS/CLEARANCES

- There were 8,149 persons arrested during 2010, a decrease of 4 percent when compared to 2009.
- Adult arrests increased 1 percent to 6,881 and juvenile arrests decreased 25 percent to 1,268 in 2010.
- The total clearance rate for Index offenses was 22 percent; juveniles were responsible for 21 percent of those cases.

Sussex County

- A total of 1,885 Crime Index Offenses were reported to the police of Sussex County during 2010, a 2 percent increase when compared to 2009.
- Violent crimes decreased 10 percent while the nonviolent crime category increased 2 percent.
- The crime rate for Sussex County was recorded at 12.6 victims for every 1,000 permanent inhabitants, an increase of 3 percent compared to the previous year.
- Murder decreased from 2 in 2009 to 1 in 2010. Rape decreased from 7 in 2009 to 3 in 2010.
- Robbery decreased from 13 in 2009 to 10 in 2010. Burglary increased from 321 in 2009 to 358 in 2010.
- Aggravated assault decreased from 71 in 2009 to 70 in 2010.
- The total value of property stolen in Sussex County amounted to $2.3 million, of which 6 percent was recovered.

ARRESTS/CLEARANCES

- There were 4,452 persons arrested during 2010, a decrease of 10 percent when compared to 2009.
- Adult arrests decreased 10 percent to 3,922 and juvenile arrests decreased 6 percent to 530 in 2010.
- The total clearance rate for Index offenses was 28 percent; juveniles were responsible for 17 percent of those cases.

Union County

VOLUME/RATE

- A total of 14,755 Crime Index Offenses were reported to the police of Union County during 2010, a 1 percent decrease when compared to 2009.
- Violent crimes increased 5 percent while the nonviolent crime category decreased 2 percent.
- The crime rate for Union County was recorded at 27.5 victims for every 1,000 permanent inhabitants, a decrease of 4 percent compared to the previous year.
- Murder increased from 10 in 2009 to 25 in 2010. Rape decreased from 84 in 2009 to 74 in 2010.
- Robbery decreased from 1,350 in 2009 to 1,347 in 2010. Burglary decreased from 2,550 in 2009 to 2,419 in 2010.
- Aggravated assault increased from 948 in 2009 to 1,057 in 2010.
- The total value of property stolen in Union County amounted to $36.2 million, of which 38 percent was recovered.

ARRESTS/CLEARANCES

- There were 18,700 persons arrested during 2010, a decrease of 8 percent when compared to 2009.
- Adult arrests decreased 7 percent to 16,749 and juvenile arrests decreased 20 percent to 1,951 in 2010.
- The total clearance rate for Index offenses was 15 percent; juveniles were responsible for 18 percent of those cases.

Warren County

VOLUME/RATE

- A total of 1,577 Crime Index Offenses were reported to the police of Warren County during 2010, a 1 percent decrease when compared to 2009.
- Violent crimes decreased 27 percent while the nonviolent crime category increased 2 percent.
- The crime rate for Warren County was recorded at 14.5 victims for every 1,000 permanent inhabitants, a decrease of less than one-half of one percent compared to the previous year.
- Murder decreased from 2 in 2009 to 0 in 2010. Rape decreased from 12 in 2009 to 10 in 2010.
- Robbery decreased from 33 in 2009 to 21 in 2010. Burglary decreased from 281 in 2009 to 261 in 2010.
- Aggravated assault decreased from 104 in 2009 to 79 in 2010.
- The total value of property stolen in Warren County amounted to $1.7 million, of which 16 percent was recovered.

ARRESTS/CLEARANCES

- There were 4,532 persons arrested during 2010, a decrease of less than one-half of one percent when compared to 2009.
- Adult arrests decreased less than one-half of one percent to 3,997 and juvenile arrests decreased 4 percent to 355 in 2010.
- The total clearance rate for Index offenses was 24 percent; juveniles were responsible for 15 percent of those cases.

Section Five

INDEX OFFENSE ANALYSIS

- **Population Groups**
- **Urban–Suburban–Rural Municipalities**
- **Colleges and Universities**

CRIME INDEX FOR POPULATION GROUPS – 2010
   The presentation of crime statistics by population groups was made for the purpose of projecting, for consideration, the relative crime experience of communities of varying populations. Although the individual municipalities within the various groups may be geographically separated, their inclusion into a specific group was predicated by the similarity in population with the other municipalities within the group. Municipalities within the same group may differ widely when all factors are considered, but they do share the common bond of population size. The grouping of communities in this manner allows recognition of variances in the crime volumes, rates and clearances between the established groups.

   Set forth below are the established municipal groupings as used in this section:

POPULATION GROUPS	TOTAL CRIME INDEX	Murder	Rape	Robbery	Aggra-vated assault	Burglary	Larceny-Theft	Motor Vehicle Theft
GROUP I **4 Municipalities over 100,000** **Population – 795,905**	33,435	148	210	4,136	3,297	5,906	13,402	6,336
Rate per 1,000 inhabitants	42.0	0.2	0.3	5.2	4.1	7.4	16.8	8.0
Percent Index Offenses Cleared	12.2							
GROUP II **30 Municipalities 50,000 – 100,000** **Population – 2,044,964**	53,845	113	269	3,409	4,590	9,967	31,415	4,082
Rate per 1,000 inhabitants	26.3	0.1	0.1	1.7	2.2	4.9	15.4	2.0
Percent Index Offenses Cleared	21.2							
GROUP III **64 Municipalities 25,000 – 50,000** **Population – 2,239,859**	54,803	60	225	2,386	2,999	9,478	37,014	2,641
Rate per 1,000 inhabitants	24.5	*	0.1	1.1	1.3	4.2	16.5	1.2
Percent Index Offenses Cleared	22.5							
GROUP IV **69 Municipalities 15,000 – 25,000** **Population – 1,347,180**	23,984	23	105	936	1,183	4,663	16,069	1,005
Rate per 1,000 inhabitants	17.8	*	0.1	0.7	0.9	3.5	11.9	0.7
Percent Index Offenses Cleared	22.7							
GROUP V **212 Municipalities 5,000 – 15,000** **Population – 1,899,774**	34,171	20	142	832	1,417	6,576	24,003	1,181
Rate per 1,000 inhabitants	18.0	*	0.1	0.4	0.7	3.5	12.6	0.6
Percent Index Offenses Cleared	22.9							
GROUP VI **107 Municipalities 2,000 – 5,000** **Population – 371,763**	7,704	7	27	123	369	1,642	5,308	228
Rate per 1,000 inhabitants	20.7	*	0.1	0.3	1.0	4.4	14.3	0.6
Percent Index Offenses Cleared	23.1							
GROUP VII **80 Municipalities Under 2,000** **Population – 92,449**	2,875	1	7	37	103	562	2,083	82
Rate per 1,000 inhabitants	31.1	*	0.1	0.4	1.1	6.1	22.5	0.9

Section Six

CRIME
IN THE CITIES

CRIME IN THE CITIES

This section deals with serious crimes reported in the large urban cities of the state. These cities represent 19 percent of the population and historically account for one third of the reported Crime Index of the state.

This analysis involves the latest ten-year period 2001-2010 and endeavors further to identify crime trends in these urban areas.

The cities included in this analysis were initially categorized as urban municipalities (i.e., densely populated with extensive development) by the New Jersey Department of Community Affairs, Division of State and Regional Planning, Bureau of Statewide Planning, and will continue to be used for comparative purposes.

The criteria used in the selection of these cities were (1) classified as urban character and (2) have a population of 50,000 or more inhabitants.

For further comparative analysis, the urban cities were subdivided into two distinct groupings.

Group number one consisted of the state's six largest urban centers with populations of 80,000 or over and is categorized as "Major Urban."

The second group included the "Major Urban" and the additional urban communities with populations of 50,000 or more inhabitants, and is referred to as the "Urban 15."

"MAJOR URBAN"

- Camden City
- Elizabeth City
- Jersey City
- Newark City
- Paterson City
- Trenton City

"URBAN 15"

- Bayonne City
- Camden City
- Clifton City
- Toms River Twp.
- East Orange City
- Elizabeth City
- Irvington Town
- Jersey City
- Newark City
- Passaic City
- Paterson City
- Trenton City
- Union City
- Vineland City
- Woodbridge Twp.

The accompanying table reflects percent changes in the state's "Major Urban" and "Urban 15" municipalities Crime Index for the years 2001/2010.

STATE AND URBAN CRIME INDEX OFFENSES

Percent Distribution		41.3	54.8

Distribution:

- Six major urban centers⸺Camden, Newark, Jersey City, Trenton, Paterson and Elizabeth⸺collectively represent 11 percent of New Jersey's total population. These same urban centers, during the period 2001 through 2010 accounted for 21 percent of the state's total crime.

- "Major Urban" centers from 2001 through 2010 accounted for 37 percent of all violent crime and 19 percent of the nonviolent crimes in the entire state.

- The 15 urban municipalities represent 18 percent of the state's total population.

- "Urban 15" municipalities accounted for 32 percent of New Jersey's total Crime Index. Violent crime was 52 percent of the state total, while nonviolent crime was 29 percent of the state total during this ten-year period.

- Sixty-six percent of all reported murders occurred in the "Urban 15" cities during this ten-year period.

STREET CRIME

There has never been a clear-cut definition for street crime within the criminal justice system. The nation's clearinghouse for the collection and dissemination of criminal statistics, the Federal Bureau of Investigation, has no criteria in the categorization of specific crimes to be designated or defined as "street crimes." More and more, this media term has been confused with the violent crime group of murder, rape, robbery, and aggravated assault.

Although any particular crime can and does occur on the street, this analysis, because of reporting constraints within the Uniform Crime Reporting System, is limited to defining street crimes as those offenses which occur, or are most likely to occur, on streets, highways, parking lots, etc.. These crimes include highway robbery, purse-snatching, theft from autos, theft of auto parts and accessories, theft of bicycles, and motor vehicle thefts. All are crimes against property and only one, highway robbery, falls in the violent crime group.

- During the ten-year period 2001-2010, the "Urban 15" cities accounted for 40.5 percent of the street crimes in the state.

- Sixty-nine percent of all highway robberies in the state occurred in the "Urban 15" cities during the ten-year period.

- Fifty-five percent of all motor vehicle thefts during the survey span occurred in these 15 urban municipalities.

- Thifty-five percent of all purse-snatchings during the survey span were perpetrated in the "Urban 15" cities.

- In 2010, purse-snatching, theft from motor vehicle, theft of motor vehicle parts and accessories, larceny of bikes were at their lowest levels in this ten-year period.

- The accompanying table reflects percent distribution of street crime for the "Urban 15" cities for the years 2001-2010.

Section Seven

NEW JERSEY MUNICIPAL–COUNTY OFFENSE & DEMOGRAPHIC DATA

- All crime rates are based on permanent, year-round populations. Comparisons of crime rates between individual municipalities should not be made without giving major consideration to the volume of seasonal population, transients, tourists, and labor forces.

- All offenses are recorded in the municipality of occurrence, regardless of the outside investigative agency, i.e., Federal, State, County, College Campus Police.

+ Crime rates were not computed for municipalities with population less than 100.

Section Eight

RESORT MUNICIPALITIES

As required by P.L. 1998, c. 50, annual mean population estimates for resort municipalities in New Jersey have been used in the preparation of per capita crime statistics.

These estimates were prepared based upon the methodology prescribed in P.L. 1998, c. 50 using the latest available municipality estimates of year-round population from the U.S. Bureau of the Census. Please note that these resort population estimates should only be used for crime statistics purposes. While they fulfill the requirements of the law, the seasonal components of these estimates are not a complete measure of seasonal population because they include only those living in rental housing units or in vacant year-round housing. Not counted are the many day visitors and persons who occupy campgrounds, hotels, motels or bed and breakfast establishments or who stay with friends or relatives.

+ Crime rates were not computed for municipalities with populations under 100.

POLICE EMPLOYEE DATA

The Uniform Crime Reporting Program of New Jersey incorporates the collection of pertinent data relating to the police of the state. Information regarding police employees strength and trends are discussed in this section.

Individual listings of full-time state,county,university and college police departments are shown in tables within this section. Listings of municipal police departments will be found in Section VII.

The determination of police strength for any given area or municipality should be subject for serious consideration. Such consideration, however, should be based on the numerous factors which create the need for police services. For example, the increased need for police services in a municipality which has highly mobile or seasonal population differs from a municipality which has a relatively stable population. Some other factors, discussed elsewhere in this publication, relate to size, density of population, geographic location, character, and proximity to metropolitan areas. The tables and charts shown in this section should not be interpreted as recommended strength for any given municipality.

TOTAL POLICE EMPLOYEES

Total police employees are defined as the total number of full-time police officers and civilian police employees (clerks, dispatches, mechanics, etc.) employed by all law enforcement agencies in the state.

- During 2010 there were 49,419 full-time police employees in New Jersey. This represents a decrease of 6 percent when compared to the 2009.

- The number of full-time police officers decreased 4 percent, from 38,880 in 2009 to 37,506 in 2010.

- The number of full-time civilian employees decreased 7 percent, from 12,798 in 2009 to 11,913 in 2010.

- Seventy-six percent were sworn officers and the remaining 24 percent were civilian employees.

MUNICIPAL POLICE EMPLOYEES

This category consists of the number of police employees, including civilian personnel, employed full-time by the municipalities of the state.
During 2010 there were 24,605 municipal police employees, a decrease of 5 percent when compared to the 25,903 in 2009.

- For every 1,000 inhabitants of the state there were 3.0 municipal police employees.

- Sussex County reported the largest increase in municipal police employees, an increase of 2 percent (6 employees).

- Cape May and Essex Counties recorded the highest police employee rate; 4.4 per 1,000 population; (this rate is computed on the static population and does not take into account the large influx of seasonal and recreational population).

- Hunterdon County recorded the lowest police employee rate 1.4 per 1000 population.

MUNICIPAL CIVILIAN POLICE EMPLOYEES

The personnel of each department differ as to the demands and responsibilities placed before them. Many police officers are fully occupied with clerical tasks and are not free to perform active police duties. Employing civilians in police departments to perform clerical duties is in line with the thinking of many police administrators who recommended the use of civilians in this capacity, thus freeing the sworn personnel for actual police services.

- There were 4,055 municipal civilian police employees in 2010, a decrease of 10 percent when compared to the 4,526 in 2009.

- Sixteen percent of all municipal police employees were civilians.

MUNICIPAL POLICE OFFICERS

This includes the number of sworn police officers employed full-time by the municipalities of the state. The police employee rate per 1,000 population presented here should not be construed as recommended ratios. The determination of police srength for any municipality should be based on the numerous factors that create the need for police services. These factors such as crime, vary in type and degree from place to place. Some examples are: seasonal population, geographic location, density and composition of the population.

- There were 20,552 full-time municipal police officers in 2010; this represents a decrease of 4 percent when compared to the 21,377 full-time municipal police officers in 2009.

- The number of full-time police officers was calculated at 2.3 per 1,000 population; a decrease of less than one-half of one percent when compared to 2009.

- Sworn officers represented 84 of all municpal police employees.

- Collectively, all 21 counties in New Jersey experienced a decrease of municipal police officers in 2010.

- The largest numerical decrease occurred in Bergen County, a decrease of (105) municipal police officers, or 5 percent.

- Essex County,with 3.6 police officers per 1000, inhabitants, recorded the highest rate of full-time municipal police officers.

- Hunterdon and Sussex Counties recorded the lowest rate of full-time municipal officers with 1.3 police officers per 1,000 population.

OTHER POLICE (State Agencies)

In addition to the State Police, there are ten other state agencies reporting to the system. These agencies consist of: NJ Forest Fire Service, Division of Parks & Forestry, Department of Corrections, Department of Human Services, Division of Criminal Justice, Division of Fish and Wildlife, Office of Weights and Measures, Palisades Interstate Parkway, Port Authority NY/NJ, NJ Transit Police, and New Jersey State Park Police. No rates were computed due to the variations in the types of police services rendered, and their statewide jurisdictions.

- Together, these agencies reported a total of 11,115 full-time employees; a decrease of 5 percent compared to the 11,663 police employees in 2009.

- There were 7,958 sworn police officers in 2010, a decrease of 3 percent compared to the 8,229 in 2009.

- Seventy-two percent were sworn personnel, while the remaining 28 percent were civilians.

COUNTY POLICE, SHERIFFS AND PROSECUTORS

     The functions of county law enforcement vary widely throughout the state. The operation of one sheriff's department may be limited exclusively to civil areas and the administration of the county jail, or they may be actively involved in investigating criminal matters throughout the county.

    County police departments are varied in their activities in that some are responsible for enforcement throughout the county, while others may have as their primary mission the policing of county parklands. The responsibilities of county prosecutors' officers include criminal investigations, trial preparation, court presentation and special probes. Because of the difference in the types of police services rendered, rates for county law enforcement agencies are not presented here.

- County law enforcement agencies reported a total of 8,656 full-time police employees in 2010; a decrease of 2 percent compared to 8,826 in 2009.

- There were 5,625 full-time sworn police officers employed by county agencies in 2010. This represents a decrease of less than one-half of one percent compared to 5,750 in 2009.

- County police agencies reported 3,031 civilian police employees in 2010; a decrease of 1 percent compared to 3,031 civilian employees in 2009.

- Sworn personnel accounted for 65 percent while the remaining 35 percent were civilians.

STATE POLICE

     The New Jersey State Police is empowered to provide all phases of law enforcement throughout the state. It also renders, upon request, police services to all the law enforcement agencies in the state. No rates are used due to the variations in the nature and extent of the police services performed by the State Police.

- The New Jersey State Police reported 4,233 full-time police employees; a decrease of 4 percent compared to 4,392 in 2009.

- State Police employed 2,936 officers in 2010, a decrease of 4 percent when compared to 3,040 in 2009.

- The State Police reported 1,297 civilian employees in 2010; a decrease of 4 percent over the 1,352 in 2009.

- Sworn personnel accounted for 69 percent and civilians represented 31 percent of the total State Police employees.

Section Ten

LAW ENFORCEMENT OFFICERS KILLED & ASSAULTED SUMMARY

POLICE OFFICERS KILLED AND ASSAULTED

The killing or assault of a police officer has a harmful effect on society that reaches far beyond the overt act. Such occurrences constitute an immediate threat to the well-being of the community and serious breach of the internal security of the country. Today a young person who considers a career in law enforcement must also consider the very strong possibility of being killed or assaulted by a member of the very same society they are sworn to protect. This deplorable situation should be a subject of serious concern, for in truth, an attack on a police officer is an attack on society. The violence directed against law enforcement officers acting in the line of duty is clearly demonstrated by the following information.

POLICE FELONIOUSLY KILLED

VOLUME/TREND

*   In 2010, No police officers were feloniously killed while in the performance of their duties.

Year	Police Officers Killed	Year	Police Officers Killed
2001	1	2006	1
2002	-	2007	2
2003	1	2008	-
2004	-	2009	1
2005	1	2010	-

ASSAULTS ON POLICE OFFICERS

Police assault statistics are important to the police administrator who attempts to identify the causative factors of this type of criminal activity. Many factors contribute to police assaults, and circumstances vary from place to place. Identifying specific reasons for these assaults is therefore extremely difficult. The following information illustrates the frequency of these events, and any attempt at analysis of these assaults should include consideration of the unique variables present in each jurisdiction. Due to the broad field of services performed by many state and county police agencies, no assault rates are computed for total police officers.

VOLUME/RATE/TREND

- There were 2,418 police officers assaulted in 2010, a decrease of 3 percent when compared to 2009.

ADDITIONAL ANALYSIS

- Twenty-nine percent (706) of the officers assaulted sustained injury.

- Physical Force, such as hands, fists and feet were used in 87 percent (2,110) of all police assaults.

- Thirty-one percent of police assaults occured when officers responded to disturbance calls.

- Eleven percent of the assaults on police officers occurred during the 2-hour period of 10:00 p.m. to 12 midnight.

CLEARANCES

- The police of New Jersey were successful in clearing in 85 percent of the assaults directed at them.

ASSAULTS ON MUNICIPAL POLICE OFFICERS

VOLUME/RATE/TREND

- A total 2,138 of municipal police officers were assaulted during 2010, decrease of 1 percent when compared to 2009.

- The assault rate, for every 100 municipal officers, was 10.4, a 3.7 percent decrease compared to 2009.

ADDITIONAL ANALYSIS
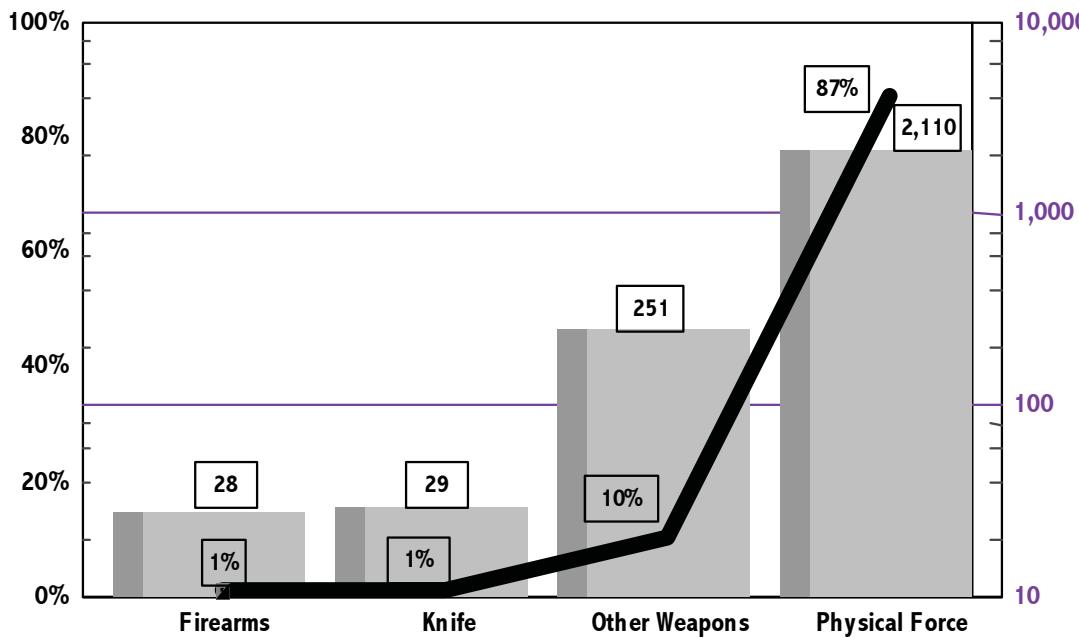

- Twenty-five percent of the municipal officers assaulted sustained injury.

- Physical Force, such as hands, fists and feet were used in 87 percent (1,858) of all police assaults.

- Thirty-four percent of the municipal police assaults occured when officers responded to disturbance calls.

- Attempting Other Arrests accounted for 17 percent of the municipal police assaults.

OTHER POLICE OFFICERS ASSAULTED
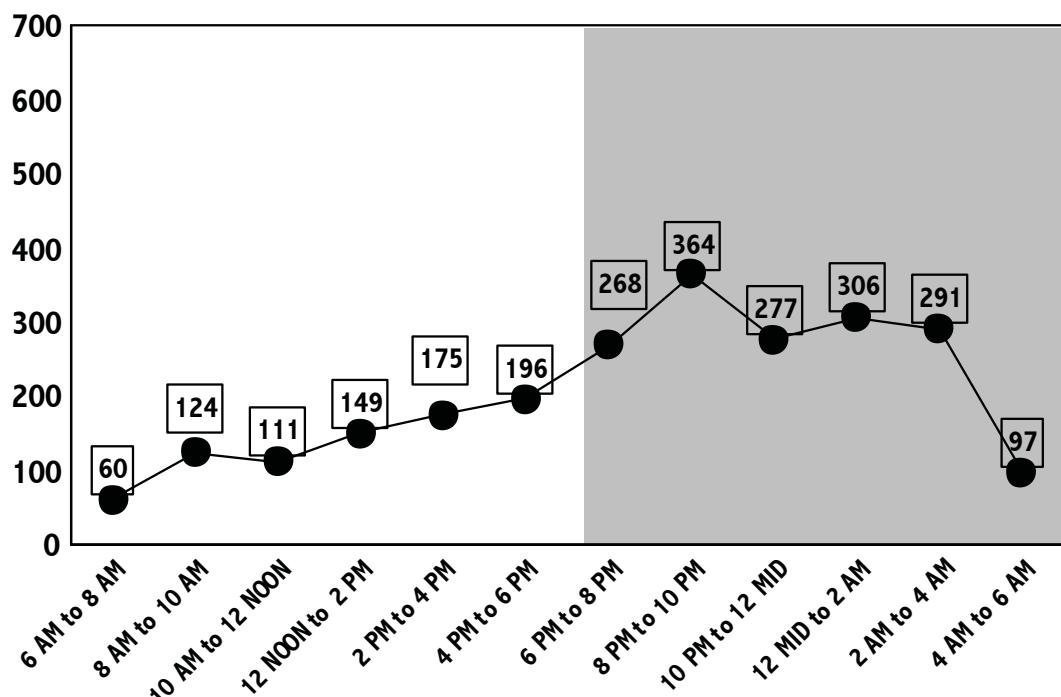

The following law enforcement agencies are dealt with separately and are not included when computing municipal assault rates; the services performed by these agencies vary greatly from the functions of municipal police agencies.

- County law enforcement agencies reported 68 police officers assaulted with 26 sustaining injury.

- The New Jersey State Police reported 50 police officers assaulted with 20 sustaining injury.

- Other state agencies with police powers reported 152 police officers assaulted with 129 sustaining injury.

- University and college police agencies reported 10 police officers assaulted with 6 sustaining injury.

Section Eleven

DOMESTIC VIOLENCE

INTRODUCTION

The violence within the American domicile has been recognized for decades by elements of government and society with little done to correct the problem. Only recently has this phenomenon begun to receive the attention it deserves. In an effort to understand, identify and treat the incidents of abuse occurring in the home, the State of New Jersey, through its legislature, has provided the means to gain a meaningful insight into this issue.

In 1982, the Domestic Violence Act was instituted to protect battered victims and study the complex problems that spark such aggressive behavior. This legislation also provided the opportunity to identify the causes of violence in the home and put forth a more comprehensive effort to combat the crime of Domestic Violence.

Improvements since the implementation of the Domestic Violence Act are continuing. Pursuant to a change in N.J.S.A. 2C:25-24 enacted June 9, 1999, arrest data is presented by county. Domestic Violence restraining order violations are now captured and reported. Revised investigation and reporting procedures by the police; improved processing of domestic complaints by the courts; mandatory in-service training for police and court personnel have all enabled the victim to come forward and implement the constitutional rights granted to all Americans.

The following pages of narrative and graphics in this chapter are the result of gathered data displaying the complexities of domestic violence found within the State of New Jersey. It is through analysis of this data that, hopefully, the keys to preventing future violence can be found.

DOMESTIC VIOLENCE STATISTICAL SUMMARY

Highlights of the 2010 domestic violence statistics are listed below:

- There were 74,244 domestic violence offenses reported by the police in 2010, a 1 percent increase compared to the 73,709 reported in 2009.

- Murders decreased 3 percent in 2010 (38) when compared to 2009 (39).

- Assaults accounted for 42 percent (31,234) and harassment accounted for 44 percent (32,598) of the reported offenses in 2010.

- Arrests were made in 31 percent (22,738) of the offenses reported for 2010, an increase of 2 percent when compared to arrests made in 2009.

- The most frequent day of domestic violence occurrences was Sunday (12,721).

- For the twenty-eighth consecutive year, the most frequent hours of domestic violence incidents were between 8:00 p.m. and midnight, when 26 percent (19455) of the offenses were reported.

- Children were involved or present during 31 percent of all domestic violence offenses occurring in 2010. Specifically, 4 percent (3,129) were involved and 27 percent (19,842) were present.

- Wives were the victims in 18 percent (13,371) and ex-wives were the victims in 3 percent (2,438) of the reported domestic violence offenses in 2010. Overall, females were victims in 75 percent (55,919) of all domestic violence offenses.

- The number of domestic violence complaints that had prior court orders issued against the offender increased from 13,821 in 2009 to 14,245 in 2010. This is an increase of three percent.

- Alcohol and/or drugs were involved in 26 percent (19,298) of the reported offenses occurring in 2010. Alcohol involvement alone accounted for 23 percent (17,393) of the total domestic violence offenses reported.

- Persons age 60 or over were victims in 4 percent (2,806) of all reported domestic violence offenses that occurred in 2010. Elderly were the victims in 21 percent (8) of the domestic violence murders (38).

- Domestic violence does not occur at a regular frequency, but when viewed as a ratio of its occurrence to a fixed time interval, one act of domestic violence would occur every 7 minutes and 5 seconds.

- Domestic violence offenses arising from a dating relationship accounted for 15 percent (11,104) of the state total.

- There were 3,246 total arrests involving domestic violence restraining orders reported by police in 2010. Of these, 1,906 were arrests for violations of a restraining order **only**, while 1,304 were arrests for violations of a restraining order **with** an offense arrest.

BIAS INCIDENT SUMMARY

INTRODUCTION

Crimes motivated by hate and bias tend to erode the basic fabric of society. Bias incidents having a racial, religious, ethnic, sexual or gender component as well as crimes against individuals with a handicap, manifest themselves in a wide spectrum of criminal activities. These bias incidents jeopardize the active and open pursuit of freedom and opportunity. They attack our citizens based on their race, religion, ethnic heritage, sexual orientation, handicap, or gender. Closely linked to such heritage are individual values, beliefs, and identities.

Realizing that no agency within the state was collecting complete data on bias incidents, a broad-based Ad Hoc committee was created to develop a comprehensive statewide reporting system. As a result of the committee's recommendation, Attorney General Executive Directive No. 1987-3 was issued mandating all New Jersey law enforcement agencies begin reporting bias incident offenses to the Division of State Police, Uniform Crime Reporting Unit on a monthly basis effective January 1, 1988. On August 15, 1996, legislation was enacted which enhanced the state's definition of a bias incident to include crimes that are gender or handicap-motivated.

The directive was instituted to capture vital data in an effort to identify the problem. This information permits proper evaluation of progress in preventing bias crime and assist with necessary planning for the future.

This twenty-third annual publication concerning bias crimes contains comparisons to the previous year's statistics. The published statistics and graphs are the result of data submitted by the police community of New Jersey.

Hopefully, the information contained in this publication will be of value to various segments of society and serve its intended purpose.

BIAS INCIDENT STATISTICAL SUMMARY

Highlights of the 2010 bias incident offense statistics are listed below:

- New Jersey law enforcement agencies reported 710 bias incident investigations, resulting in 775 target-type based bias incident offenses in 2010, a 13% increase compared to 2009.

- Harassment accounted for 45% (351) of all bias incident offenses.

- Criminal mischief and damage to property accounted for 38% (291) of all bias incident offenses.

- Racial bias accounted for 42% (324) of all bias incident crimes in 2010.

- The target category of person accounted for 62% (478) of all bias offenses.

- The Black race represented the most frequent racial group victimized by bias crime, accounting for 34% (265) of all bias offenses.

- The Jewish religion represented the most frequent religious group victimized by bias crime, accounting for 34% (260) of all bias offenses.

- The Hispanic ethnicity represented the most frequent ethnic group victimized by bias crime, accounting for 6% (47) of all bias offenses.

- The most frequent day of occurrence was Wednesday (124 offenses).

- The most frequent month of occurrence was September (94 offenses).

- The most frequent place of occurrence was a residence, where 25 % (196 offenses) of all bias incidents occurred.

- Forty-seven percent (368) of all bias incident offenses were cleared, with 32% (117) being cleared by arrest, and 68% (251) being exceptionally cleared.

- A total of 117 arrests (73 adults and 44 juveniles) were made resulting from bias incidents. Compared to 2009, arrests decreased 4 percent.

GLOSSARY OF TERMS

ADULT For Uniform Crime Reporting purposes, a person aged 18 or over.

AMERICAN INDIAN or ALASKAN NATIVE A person having origins in any of the original peoples of North America, and who maintains cultural identification through tribal affiliation or community recognition.

ARREST RATE The number of arrests for Part I and Part II offenses for each unit of population, generally per 1,000.

ASIAN or PACIFIC ISLANDER A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands. This area includes, for example: China, India, Japan, Korea, the Philippine Islands, and Samoa.

BLACK A person having origins in any of the black racial groups of Africa, characterized by dark skin pigmentation.

CLEARANCE For Uniform Crime Reporting purposes, the solution to a particular crime, usually by the arrest of the offender.

CLEARED BY ARREST For Uniform Crime Reporting purposes, an offense is cleared when the offender has been identified, sufficient evidence has been obtained to formally charge and the offender has been ordered to appear in court.

CRIME INDEX The total of the seven major offenses used to measure the extent, fluctuation and distribution of crime in a geographical area. The following crimes make up the index: Murder, rape, robbery, aggravated assault, burglary, larceny-theft, and motor vehicle theft; these offenses are referred to as Index offenses.

CRIME RATE The number of Index offenses reported for each unit of population per 1,000.

CRIMES AGAINST PERSONS Consists of the following Index offenses: Murder, rape, and aggravated assault.

CRIMES AGAINST PROPERTY Consists of the following Index offenses: Robbery, burglary, larceny-theft, and motor vehicle theft.

DAY For Uniform Crime Reporting purposes, the hours from 6:00 a.m. to 6:00 p.m.

ETHNIC ORIGIN Having or originating from linguistic or cultural ties with a specific group.

EXCEPTIONAL CLEARANCE For Uniform Crime Reporting purposes, an offense is cleared exceptionally when an offender has been identified or located and sufficient evidence to charge has been obtained, but there is some reason beyond police control that prohibits the offender from being brought before the court.

HIERARCHY RULE For Uniform Crime Reporting purposes, each crime or attempted crime is counted in only one offense category. If several offenses are committed, simply glance down the list of Part I offenses and stop at the first offense recognized from the facts given; this offense is the correct classification for this criminal activity.

HISPANIC A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

JUVENILE For Uniform Crime Reporting purposes, a person under the age of 18.

JUVENILE CLEARANCE Those crimes where the offenders are identified as juveniles.

NIGHT	For Uniform Crime Reporting purposes, the hours from 6:00 p.m. to 6:00 a.m.
NONVIOLENT CRIME	Consists of the following Index offenses: Burglary, larceny-theft, and motor vehicle theft.
POPULATION	Is the year-round population of the municipality shown in the most recent State population estimates published by the Department of Labor, except that in the year of promulgation of a Federal decennial census, the census figures shall be used.
RESORT MUNICIPALITY	Is a municipality which, because of its recreational, entertainment or amusement characteristics or facilities or its close proximity to such characteristics or facilities, experiences a total increase during the seasonal period in the number of persons temporarily resident therein of 25 percent or more of its population.
SEASONAL POPULATION	Is the average of the estimated number of persons temporarily resident in the municipality during the three consecutive months when the temporary population is greatest.
TEMPORARY RESIDENT	Means the occupying for any period of time during the seasonal period by any person not counted as a resident of the municipality for population purposes of an accommodation in a rented residential unit or vacation home.
UNFOUNDED	Classification of reported crimes that are found to be false or baseless.
VIOLENT CRIME	Consists of the following Index offenses: Murder, rape, robbery, and aggravated assault.
WHITE	A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

CALCULATIONS OF RATES AND TRENDS

1. **Crime Rate per 1,000 inhabitants:** This represents the number of Index offenses per 1,000 inhabitants. For example: What is the crime rate for a municipality with 513 Index offenses (murder, rape, robbery, aggravated assault, burglary, larceny-theft and motor vehicle theft), with a population of 8,280?

   513 (Index offenses) ÷ 8,280 (population) = .061957 x 1,000 = 62.0 (crime per 1,000 inhabitants)

2. **Crime Trend:** A crime trend shows the extent to which crime increased or decreased. This is done by comparing a period of the current year with the same period of a previous year.
   For example: A municipality experienced 264 Index offenses in a previous year and 513 Index offenses in the current year. What is the percent of the increase?

   513 (current year Index offenses) − 264 (previous year Index offenses) = 249 (numerical increase)
   249 (numerical increase) ÷ 264 (previous year) = .943 x 100 = +94% (percent change)

   NOTE: If there were more Index offenses in a previous year than in the current year, we would have a percentage decrease.

3. **Number of Police personnel per 1,000 inhabitants:** This is calculated in the same manner as a crime rate. For example: A municipality with a population of 8,280 and 28 police personnel. How many officers are there per 1,000 population?

   28 (police personnel) ÷ 8,280 (population) = .00338 x 1,000 = 3.4 (police personnel per 1,000 inhabitants)

   NOTE: This formula can be applied to either total police personnel or just police officers per 1,000 inhabitants.

4. **Police Assaulted Rate:** This is calculated at a rate per 100 police officers.
   For example: A municipality with 25 officers had five of them assaulted during the month. What is the police assaulted rate?

   5 (police officers assaulted) ÷ 25 (police officers) = .2 x 100 = 20 (police assaulted per 100 officers)

5. **Clearance Rate:** This refers to the percent of Index offenses cleared (solved), over a specific period of time. For example: A municipality with 513 Index offenses in a chosen time frame, cleared 95 of these offenses. What is the clearance rate?

   95 (Index offenses cleared) ÷ 513 (Index offenses) = .185 x 100 = 18 .5 (percent cleared)

6. **Annual Mean Population:** Is determined for each municipality designated a resort municipality by use of the following formula:
$$AMP = \frac{12P + 3SP}{12}$$
   Where **AMP** equals Annual Mean Population; **P** equals Population; **SP** equals Seasonal Population.
